NEW QUESTION # 63

In the administration console of the Cloud Identity Services, which authentication providers are available?

Note: There are 2 correct answers to this question.

- **A. Successfactors**
- **B. Ariba**
- C. Fieldglass
- D. Concur

Answer: A,B

Explanation:

The administration console of SAP Cloud Identity Services supports integration with specific authentication providers to enable secure user authentication. SAP SuccessFactors and SAP Ariba are available as authentication providers, allowing seamless single sign-on (SSO) and identity management for users accessing these SAP solutions. These providers are integrated to leverage their identity data for authentication within the SAP ecosystem, enhancing security and user experience. In contrast, SAP Concur and SAP Fieldglass are not supported as authentication providers in the Cloud Identity Services administration console, as they primarily focus on expense management and workforce management, respectively, and do not serve as identity providers in this context.
