Also the 24/7 Customer support is given to users, who can email us if they find any haziness in the Salesforce-Slack-Administrator exam dumps, our team will merely answer to your all Salesforce-Slack-Administrator exam product related queries.

Salesforce Certified Slack Administrator Sample Questions (Q99-Q104):

NEW QUESTION # 99

Your organization is on the Slack Enterprise Grid plan.

What are three benefits of syncing identity provider (IdP) groups?

(Select the THREE best answers.)

- A. Automatically assigns system roles.
- B. Makes membership for certain workspaces required to ensure that all members of an IdP group remain members of a workspace.
- C. Automatically assigns admin roles.
- D. Automatically adds or removes members of an Id group to workspaces within your org.
- E. Makes membership for certain channels required to ensure that all members of an IaP group remain members of a channel.
- F. Automatically assigns approved apps to certain groups within your org.

Answer: A,B,D

NEW QUESTION # 100

During a re-org within your organization, the IT department is renamed to Business Technology (BT). Many channels will need to change their prefixes from #it- to #bt-.

The original channel creators are no longer at the organization.

What is the most efficient strategy to ensure the channel prefixes are updated?

- A. Promote members leading the IT to BT department name change initiative to the Channel Manager role in the key channels.
- B. Join all public IT channels and request access to private channels in order to update the channel settings.
- C. Write a script using the channels API to rename all channels with "#it-" to "#bt-" in bulk.
- D. Use your preference menu to create an automatic keyword notification for IT and BT.

Answer: C

Explanation:

Slack API best practices specify:

"The channels.rename method within the Slack API allows admins to programmatically rename channels, making bulk updates efficient and standardized." Manually managing through Channel Manager roles (B) or joining channels (D) is slow and error-prone. Keyword notifications (A) don't rename channels.

(Reference: Slack Administration Study Guide - Managing Channels and Using APIs)

NEW QUESTION # 101

Camdin is a Workspace Owner whose last day with the company is Friday, April 1st. Cortez, a fellow Workspace Owner, plans to deactivate Camdin's account at the end of that day.

What will happen?

- A. Cortez will not be able to deactivate the account; he will need to ask a Workspace Admin to deactivate it for him.
- B. Cortez will not be able to deactivate Camdin's account; only the Primary Owner can deactivate a Workspace Owner.
- C. The account will change to "Inactive"; after 72 hours, Camdin will lose access to Slack.
- D. The account will be deactivated; Camdin will be signed out immediately and will not be able to log back in.

Answer: B

Explanation:

In Slack, only the Primary Owner has the ability to deactivate other Workspace Owners.

Slack documentation states:

"Only the Primary Owner can deactivate or transfer ownership of another Workspace Owner's account." Thus, Cortez, despite being a Workspace Owner himself, cannot deactivate Camdin's account.

(Reference: Slack Administration Study Guide - Workspace Roles and Account Deactivation)

-

NEW QUESTION # 102

Which plan(s) support(s) customizable message and file retention features?

- A. Free, Pro, Business+, and Enterprise Grid
- B. Business+ and Enterprise Grid
- C. Pro, Business+, and Enterprise Grid
- D. Enterprise Grid only

Answer: C

Explanation:
Slack official plan features state:
"Customizable message and file retention policies are available on Pro, Business+, and Enterprise Grid plans." Free plan (C) does not support customizable retention. It's limited to 90 days history unless upgraded.
Enterprise Grid-only (D) is too restrictive.
(Reference: Slack Administration Study Guide - Message and File Retention Policies)

NEW QUESTION # 103

When a workspace's settings are changed to make single sign-on (SSO) mandatory, which series of events will members experience?
(Select the best answer.)

- A. They'll be immediately logged out and be required to authenticate their identity using sso before logging back in.
- B. They'll receive a Slackbot message in the workspace requiring them to click an authentication link to validate $50
- C. They'll receive an email that contains a link they'll use to connect and authenticate their Slack account with their account in their SO provider.
- D. They'll receive a notification from their SO provider and be logged out immediately from the Slack workspace.

Answer: A

NEW QUESTION # 104

......
