

# Proven Way to Pass the Cloud Security Alliance CCSK Exam on the First Attempt

What's more, part of that Pass4Test CCSK dumps now are free: <https://drive.google.com/open?id=1fh8csehfidmrk8CjrJAqgCamL3OOG2L>

For the CCSK web-based practice exam no special software installation is required. because it is a browser-based CCSK practice test. The web-based Certificate of Cloud Security Knowledge v5 (CCSKv5.0) practice exam works on all operating systems like Mac, Linux, iOS, Android, and Windows. In the same way, IE, Firefox, Opera and Safari, and all the major browsers support the web-based Cloud Security Alliance CCSK Practice Test. So it requires no special plugins.

The CCSK certification exam is based on the latest version 4.0 of the Body of Knowledge (BoK) created by the Cloud Security Alliance. The BoK covers various topics related to cloud security, such as cloud infrastructure security, cloud application security, data security, compliance, and legal issues. CCSK exam consists of 60 multiple-choice questions that need to be completed in 90 minutes. The passing score for the CCSK certification exam is 80%, and the exam fee is \$395.

The CCSK certification exam covers a broad range of cloud security topics, including cloud architecture, governance, compliance, data security, and application security. CCSK Exam is based on the Cloud Security Alliance's (CSA) Cloud Controls Matrix (CCM) and the CSA Security, Trust and Assurance Registry (STAR). The CCM is a comprehensive framework that provides security controls and best practices for cloud providers and consumers, while the STAR is a registry that allows cloud providers to demonstrate their compliance with industry-recognized security standards. By passing the CCSK exam, individuals demonstrate their understanding of these frameworks and their ability to apply cloud security best practices in real-world scenarios.

## Free CCSK Pdf Guide - High-quality Cloud Security Alliance Certificate of Cloud Security Knowledge v5 (CCSKv5.0) - CCSK Reliable Exam Braindumps

Full refund is available if you fail to pass the exam in your first attempt after buying CCSK exam bootcamp from us, and we will refund your money, In addition, CCSK exam dumps contain both questions and answers, and it's convenient for you to check the answers after practicing. CCSK exam botcamp cover most of the knowledge points of the exam, and you can master the major knowledge points as well as improve your professional ability in the process of training. We have online and offline chat service for CCSK Exam Dumps, and if you have any questions, you can consult us.

## Cloud Security Alliance Certificate of Cloud Security Knowledge v5 (CCSKv5.0) Sample Questions (Q106-Q111):

### NEW QUESTION # 106

What is a primary benefit of consolidating traffic through a central bastion/transit network in a hybrid cloud environment?

- A. It reduces the need for physical network hardware.
- **B. It minimizes hybrid cloud sprawl and consolidates security.**
- C. It increases network redundancy and fault tolerance.
- D. It decreases the latency of data transfers across the cloud network.

**Answer: B**

Explanation:

A centralized bastion or transit network improves hybrid cloud security by:

- \* Reducing cloud sprawl through a unified security control point.
- \* Centralizing firewall, logging, and security monitoring for better threat detection and response.
- \* Enforcing consistent security policies across different cloud platforms (AWS, Azure, on-premises data centers).
- \* Minimizing unauthorized lateral movement within hybrid cloud environments.

This concept is extensively covered in:

- \* CCSK v5 - Security Guidance v4.0, Domain 7 (Infrastructure Security)
- \* Cloud Controls Matrix (CCM) - Network Security and Monitoring.

#### **NEW QUESTION # 107**

Policy documentation and training is a:

- A. Physical control
- B. Technical control
- **C. Administrative control**
- D. Logical control

**Answer: C**

Explanation:

There are three, commonly accepted forms of Controls:

**Administrative**-These are the laws, regulations, policies, practices and guidelines that govern the overall requirements and controls for an Information Security or other operational risk program. For example, a law or regulation may require merchants and financial institutions to protect and implement controls for customer account data to prevent identity theft. The business, in order to comply with the law or regulation, may adopt policies and procedures laying out the internal requirements for protecting this data, which requirements are a form of control.

**Logical**-These are the virtual, application and technical controls (systems and software), such as firewalls, antivirus software, encryption and maker/checker application routines.

**Physical**-Whereas a firewall provides a "logical" key to obtain access to a network, a "physical" key to a door can be used to gain access to an office space or storage room. Other examples of physical controls are video surveillance systems, gates and barricades, the use of guards or other personnel to govern access to an office, and remote backup facilities.

#### **NEW QUESTION # 108**

Which of the authentication is more secured?

- A. Password Authentication
- B. Biometric Authentication
- C. Single Sign-on
- **D. Multifactor Authentication**

**Answer: D**

Explanation:

Multifactor authentication is more secured than the rest because it has more than one aspect to authentication. Multifactor authentication is composed of, at a minimum, two of the following aspects- something you know, something you are, or something you have. Something you know can be a password, passphrase, and so on. Something you have can be something like a number-generating transmit a number or fob, a smartphone capable of receiving text messages, or even a phone that can receive a call and then to the individual but that is only accessible from a very specific phone number.

Something you are is a biometric trait of yourself, as a living creature. This could be as unique and specific as your DNA fingerprint, or as cursorily general as a photograph.

#### **NEW QUESTION # 109**

Which of the following is a perceived advantage or disadvantage of managing enterprise risk for cloud deployments?

- **A. Greater reliance on contracts, audits, and assessments due to lack of visibility or management.**

- B. Decreased requirement for proactive management of relationship and adherence to contracts.
- C. None of the above.
- D. Increased need, but reduction in costs, for managing risks accepted by the cloud provider.
- E. More physical control over assets and processes.

**Answer: A**

#### NEW QUESTION # 110

Which of the following best describes the concept of AI as a Service (AIaaS)?

- **A. Hosting and running AI models with customer-built solutions**
- B. Offering pre-built AI models to third-party vendors
- C. Selling AI hardware to enterprises for internal use
- D. Providing software as an AI model with no customization options

**Answer: A**

Explanation:

AI as a Service (AIaaS) refers to cloud-based services that provide organizations with access to pre-built or customizable AI models and infrastructure. These services allow businesses to host and run AI models, often with the ability to tailor them to meet their specific needs. AIaaS enables customers to leverage AI capabilities without needing to build the underlying infrastructure or develop complex AI models from scratch.

#### NEW QUESTION # 111

.....

The Certificate of Cloud Security Knowledge v5 (CCSKv5.0) (CCSK) practice questions are designed by experienced and qualified Certificate of Cloud Security Knowledge v5 (CCSKv5.0) (CCSK) exam trainers. They have the expertise, knowledge, and experience to design and maintain the top standard of Certificate of Cloud Security Knowledge v5 (CCSKv5.0) (CCSK) exam dumps. So rest assured that with the Certificate of Cloud Security Knowledge v5 (CCSKv5.0) (CCSK) exam real questions you can not only ace your Certificate of Cloud Security Knowledge v5 (CCSKv5.0) (CCSK) exam dumps preparation but also get deep insight knowledge about Cloud Security Alliance CCSK exam topics. So download Certificate of Cloud Security Knowledge v5 (CCSKv5.0) (CCSK) exam questions now and start this journey.
