Our website will provide you with PK0-005 study materials that almost cover all kinds of official test and popular certificate. So you will be able to find what you need easily on our website for PK0-005 training guide. Every PK0-005 study material of our website is professional and accurate, which can greatly relieve your learning pressure and help you get the dreaming PK0-005 certification.

## CompTIA Project+ Certification Exam Sample Questions (Q315-Q320):

### NEW QUESTION # 315

Which of the following activities would a project manager perform during the closing phase? (Select THREE).

- A. Stakeholder analysis
- B. Lessons learned
- C. Acquiring resources
- D. Removing resources
- E. Removing access
- F. Statement of work sign-off
- G. Risk analysis

**Answer: B,D,E**

Explanation:

Lessons learned, removing resources, and removing access are activities that a project manager would perform during the closing phase of a project. Lessons learned is a process of collecting and documenting the knowledge and experience gained from a project for future reference and improvement. Removing resources is a process of releasing or reallocating any human or material resources that were used for the project.

Removing access is a process of revoking any permissions or privileges that were granted to the project team members or stakeholders for accessing any systems or data related to the project. These activities can help to finalize and close a project successfully and ensure that all deliverables are transferred, all documentation is approved and archived, all contracts are closed, and all stakeholders are satisfied.

### NEW QUESTION # 316

A PM wants to provide a visual representation of how a project is organized into tasks and how the tasks relate to each other. Which of the following can the PM use?

- A. WBS
- B. Milestone chart
- C. Gantt chart
- D. PERT chart

**Answer: C**

Explanation:

A gantt chart is a visual representation of a project timeline that shows the tasks, durations, dependencies, and resources of a project in a horizontal bar chart format. A gantt chart can help a project manager to plan, monitor, and control the project progress, scope, and quality. A gantt chart is different from a milestone chart, which only shows the key events or deliverables of a project without the details of the tasks. A gantt chart is also different from a PERT chart, which is a network diagram that shows the logical relationships and sequence of tasks in a project. A gantt chart is also different from a WBS, which is a hierarchical breakdown of the project scope into smaller and manageable components. ### NEW QUESTION # 317

Which of the following would be the NEXT document a project manager should update once the need to procure goods and/or services is identified?

- A. Memorandum of understanding
- B. Non-disclosure agreement
- C. Request for information
- D. Statement of work

**Answer: C**

Explanation:

The statement of work (SOW) would be the next document that a project manager should update once the need to procure goods and/or services is identified. A SOW is a document that defines the scope, deliverables, schedule, and terms and conditions of a project or contract. A SOW typically includes information such as purpose, scope of work, location of work, period of performance, deliverables schedule, applicable standards, acceptance criteria, special requirements, and payment schedule. A SOW can help to establish a common understanding and agreement between the client and the service provider on what needs to be done and how it will be done.

#### NEW QUESTION # 318

In the initiation phase, a PM is reviewing the objectives, the high-level requirements, the success criteria, and the budget resources. Which of the following action items will benefit from this analysis?

- **A. Identifying and assessing stakeholders**
- B. Assigning project resources
- C. Establishing communication channels
- D. Developing a RACI

**Answer: A**

Explanation:

Identifying and assessing stakeholders is an action item that will benefit from the analysis of the objectives, the high-level requirements, the success criteria, and the budget resources in the initiation phase. By reviewing these elements, the PM can determine who are the key individuals or groups that have an interest or influence in the project, what are their expectations and needs, and how to engage them effectively throughout the project life cycle.

#### NEW QUESTION # 319

Due to multiple changes, the sign-off for the project scope baseline is delayed. The project sponsor has restricted the budget for this project. Which of the following should the project manager MOST likely do to move forward?

- A. Adjust the scope to stay within the cost.
- **B. Communicate with the affected stakeholders.**
- C. Initiate a formal change request to modify the cost
- D. Set a new cost using a lightweight estimation method.

**Answer: B**

Explanation:

The project manager should communicate with the affected stakeholders first after realizing that the sign-off for the project scope baseline is delayed due to multiple changes and that the budget for this project is restricted by the project sponsor. The affected stakeholders are those who have an interest or influence on the project and may be impacted by any changes or delays. Communicating with them can help to explain the situation, assess the impact, seek feedback, and manage expectations.

#### NEW QUESTION # 320

.....

Are you still worried about whether or not our PK0-005 materials will help you pass the exam? Are you still afraid of wasting money and time on our materials? Don't worry about it now, our PK0-005 materials have been trusted by thousands of candidates. They also doubted it at the beginning, but the high pass rate of us allow them beat the PK0-005 at their first attempt. What most important is that your money and exam attempt is bound to award you a sure and definite success with 100% money back guarantee. You can claim for the refund of money if you do not succeed to pass the PK0-005 Exam and achieve your target. We ensure you that you will be paid back in full without any deduction.
