You can also obtain the download link and password within ten minutes for Marketing-Cloud-Consultant Exam Dumps, so you can start your learning immediately.

## Salesforce Certified Marketing Cloud Consultant Sample Questions (Q18-Q23):

### NEW QUESTION # 18

Northern Trail Outfitters wants to set up an automation that imports a file and sends an email to the contacts when the file is dropped on the SFTP. The name of the file will change, though it will always start with `thankyou_customers`. How would they set up the Import Activity to know the name of the file?

- A. Set File Naming Pattern to `%%AUTOMATED_FILENAME%%`
- **B. Filename is automatically passed to Import Activity with File Drop Automations**
- C. Set File Naming Pattern to `%%BASEFILENAME_FROM_TRIGGER%%`
- D. Check the 'Use filename from Automation' checkbox

**Answer: B**

Explanation:

In Marketing Cloud's Automation Studio, when configuring a File Drop Automation, the system automatically detects and uses the file that triggers the automation. The Import File Activity within this automation doesn't require a specific filename; instead, it processes the file that initiated the automation.

Therefore, there's no need to set a dynamic file naming pattern or check additional options.
