

Test 300-745 Sample Questions - 300-745 Pass4sure Exam Prep

By updating the study system of the 300-745 study materials, we can guarantee that our company can provide the newest information about the exam for all people. We believe that getting the newest information about the exam will help all customers pass the 300-745 Exam easily. If you purchase our study materials, you will have the opportunity to get the newest information about the 300-745 exam. More importantly, the updating system of our company is free for all customers.

Since our company's establishment, we have devoted mass manpower, materials and financial resources into 300-745 exam materials and until now, we have a bold idea that we will definitely introduce our 300-745 study materials to the whole world and make all people that seek fortune and better opportunities have access to realize their life value. Our 300-745 Practice Questions, therefore, is bound to help you pass though the 300-745 exam and win a better future.

300-745 Actual Test & 300-745 Accurate Pdf & 300-745 Exam Vce

The Cisco 300-745 desktop practice exam software simulates a real test environment and familiarizes you with the actual test format. This Cisco 300-745 practice exam software tracks your progress and performance, allowing you to see how much you've improved over time. We frequently update the Cisco 300-745 Practice Exam software with the latest Cisco 300-745 DUMPS PDF.

Cisco Designing Cisco Security Infrastructure Sample Questions (Q52-Q57):

NEW QUESTION # 52

A security engineer on an application design team must choose a framework of attack patterns to evaluate during threat modeling. Which framework provides the common set of attacks?

- A. GDPR
- **B. MITRE CAPEC**
- C. Cisco SAFE
- D. SOC2

Answer: B

Explanation:

MITRE CAPEC (Common Attack Pattern Enumeration and Classification) provides a standardized catalog of attack patterns. It is

specifically designed for use in threat modeling and application design, allowing security engineers to anticipate and evaluate common attacks.

NEW QUESTION # 53

A bank experienced challenges with compromised endpoints gaining access to the internal network. To enhance security, the bank wants to ensure that all endpoints are scanned for compliance check before being allowed to access the network. Which action achieves the level of security and control?

- A. Use MFA using Cisco DUO.
- **B. Implement Posture validation using Cisco ISE.**
- C. Configure TrustSec using Cisco ISE.
- D. Set up data loss prevention policy.

Answer: B

Explanation:

Posture validation with Cisco ISE checks endpoint compliance (such as antivirus status, patches, and security configurations) before granting network access. This ensures compromised or non-compliant endpoints are denied access, directly addressing the bank's security concern.

NEW QUESTION # 54

What is a use for AI in securing network infrastructure?

- A. traffic shaping
- B. load balancing
- C. quality of service
- **D. known day zero attack detection**

Answer: D

Explanation:

AI enhances network security by detecting zero-day attacks through behavior analysis, anomaly detection, and pattern recognition. This allows threats to be identified and mitigated even before traditional signatures are available.

NEW QUESTION # 55

A manufacturing company implemented IoT devices throughout their smart factory and needs a security solution that meets these requirements:

- Protect IoT devices from network-based attacks.
- Visibility into communication patterns.
- Anomaly detection for IoT traffic.

Which firewall technology or feature should be recommended?

- A. transparent firewall
- **B. IPS/IDS**
- C. traditional firewall
- D. zone-based firewall

Answer: B

Explanation:

An Intrusion Prevention/Detection System (IPS/IDS) provides visibility into IoT communication patterns, protects against network-based attacks, and uses anomaly detection to identify abnormal IoT traffic behaviors. This makes it the most effective solution for securing IoT devices in a smart factory.

NEW QUESTION # 56

Considering recent cybersecurity threats, a company wants to improve the process for identifying, assessing, and managing risks with

a comprehensive and holistic approach. Which framework must be used to meet these requirements?

- A. GDPR
- B. MITRE CAPEC
- **C. NIST SP 800-37**
- D. HIPPA

Answer: C

Explanation:

NIST SP 800-37 provides the Risk Management Framework (RMF), which establishes a structured process for identifying, assessing, and managing cybersecurity risks. It offers a comprehensive and holistic approach, integrating security and risk management activities into the system development life cycle, making it the appropriate framework for this requirement.

NEW QUESTION # 57

.....

we can give you 100% pass rate guarantee. 300-745 practice quiz is equipped with a simulated examination system with timing function, allowing you to examine your 300-745 learning results at any time, keep checking for defects, and improve your strength. Besides, during the period of using 300-745 learning guide, we also provide you with 24 hours of free online services, which help to solve any problem for you at any time and sometimes mean a lot to our customers.

300-745 Pass4sure Exam Prep: <https://www.it-tests.com/300-745.html>

Cisco Test 300-745 Sample Questions Trust us and you will get what you want, Cisco Test 300-745 Sample Questions We all know that professional knowledge is intangible assets for you, Moreover, we have a 300-745 practice test software for a 300-745 exam prep that allows you to go through real feel of an exam, Our 300-745 learning materials promise you that we will never disclose your privacy or use it for commercial purposes.

Should each design domain develop an accessible cumulative store of exemplars, You must be heard that our latest 300-745 test answers can ensure candidates clear exam with 100% 300-745 Pass4sure Exam Prep and covers everything you want to solve the difficulties of Designing Cisco Security Infrastructure test questions.

Avail Trustable Test 300-745 Sample Questions to Pass 300-745 on the First Attempt

Trust us and you will get what you want, 300-745 We all know that professional knowledge is intangible assets for you, Moreover, we have a 300-745 practice test software for a 300-745 exam prep that allows you to go through real feel of an exam.

Our 300-745 learning materials promise you that we will never disclose your privacy or use it for commercial purposes, Our company made these 300-745 practice materials with accountability.
