### Radar dashboards

are often the first thing users see when they log into Epic every day. Dashboards are the hub of reporting and analytics in Epic, and consolidate data from all corners of your healthcare system. I

### Chart Search.

The easiest way to access an activity in Hyperspace

### Analytics Catalog

is a central repository of all reporting content.

### A component

is a single graph or table or other piece of functionality that your users will interact with on the dashboard. Components are the building blocks of a dashboard, and are the primary way you will add new content or remove content from a dashboard.

### guiding principles when creating or editing Radar content:

- Any dashboard available to a user must work
- Each component on a dashboard must work
- All dashboards should have a defined target audience -Each user in that audience must have the security to use every component on the dashboard

**The Dashboard Editor has up to six forms that control the dashboard's content and its metadata:**

- Basic Information
- Layout
- Content
- Resource Settings
- Parameters
- Access

**T/F The Dashboard Editor can be used to view the settings of any dashboard in your system, but only custom-built dashboards can be modified. Epic-released dashboards will be read-only.**
