

Efficient Latest HPE7-J02 Version Supply you Fast-Download Top Exam Dumps for HPE7-J02: Advanced HPE Storage Integrator Solutions Written Exam to Study casually

P.S. Free & New HPE7-J02 dumps are available on Google Drive shared by Exams4sures: https://drive.google.com/open?id=1w7wcvBgUfDnv1CE3_FY-uCPXTOedJ9KC

If you fail in the exam with our HPE7-J02 quiz prep we will refund you in full at one time immediately. If only you provide the proof which include the exam proof and the scanning copy or the screenshot of the failure marks we will refund you immediately. If any problems or doubts about our HPE7-J02 exam torrent exist, please contact our customer service personnel online or contact us by mails and we will reply you and solve your doubts immediately. The HPE7-J02 Quiz prep we sell boost high passing rate and hit rate so you needn't worry that you can't pass the exam too much. But if you fail in please don't worry we will refund you. Take it easy before you purchase our HPE7-J02 quiz torrent.

There may be customers who are concerned about the installation or use of our HPE7-J02 study materials. You don't have to worry about this. In addition to high quality and high efficiency, considerate service is also a big advantage of our company. We will provide 24 - hour online after-sales service to every customer. If you have any questions about installing or using our HPE7-J02 Study Materials, our professional after-sales service staff will provide you with warm remote service.

HPE7-J02 Top Exam Dumps, HPE7-J02 Practice Exam Questions

The client can try out and download our HPE7-J02 training materials freely before their purchase so as to have an understanding of our product and then decide whether to buy them or not. The website pages of our product provide the details of our HPE7-J02 learning questions. You can see the demos which are part of the all titles selected from the test bank and the forms of the questions and answers and know the form of our software on the website pages of our HPE7-J02 study materials.

HP Advanced HPE Storage Integrator Solutions Written Exam Sample Questions (Q45-Q50):

NEW QUESTION # 45

You are sizing an HPE Alletra Storage MP B10000 as shown in the graphic below. What change must be made to the current storage configuration to achieve maximum IOPS performance?

- A. Additional disks need to be added to the system
- B. Additional network cards or HBAs need to be added for more throughput
- C. No change needed - the system is already operating at maximum performance
- D. The controller must be upgraded to a 32-core model

Answer: C

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

From the exhibit, the system shows maximum estimated IOPS performance (over 250K IOPS read, 115K IOPS mixed, 62K write). These values align with HPE's published performance specifications for this model with full cores enabled. The network interface count and disk count are balanced relative to controller capability. Therefore, no further upgrades are required to achieve maximum performance.

Distractors:

A: Adding NICs/HBAs may improve throughput but will not exceed controller-bound IOPS.

B: Adding disks increases capacity, not peak IOPS, as performance is primarily controller-driven.

D: The system already matches controller capability; upgrading cores is not an option in Alletra MP B10000 mid-range systems.

Key Concept: Understanding performance sizing based on controller and architecture limits, not just capacity or NICs.

Reference: HPE Alletra MP Performance and Sizing Guide.

NEW QUESTION # 46

A global financial services company is looking to enhance its disaster recovery (DR) capabilities. They operate VMware workloads across multiple data centers and a mix of AWS and Azure cloud workloads. They need a solution that can replicate data with near-zero recovery point objectives (RPOs) and orchestrate rapid recovery of critical applications in case of a site-wide failure.

- A. Zerto
- B. CommVault
- C. Cohesity
- D. SimpliVity

Answer: A

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

Zerto, now part of HPE, provides continuous data protection (CDP) with near-zero RPOs and very low RTOs. It supports

VMware workloads, as well as hybrid cloud deployments with AWS and Azure. Zerto is specifically designed for disaster recovery orchestration, enabling automated failover, failback, and application-consistent protection across sites and cloud environments.

Distractors:

B (CommVault): Primarily a backup/recovery and data management platform - RPOs are not near-zero.

C (Cohesity): Strong in backup, secondary storage, and ransomware recovery, but not near-zero RPO DR orchestration.

D (SimpliVity): Hyperconverged infrastructure with built-in backup, but not optimized for large-scale multi- cloud DR.

Key Concept: Continuous Data Protection (Zerto) for hybrid/multi-cloud disaster recovery.

Reference: HPE Zerto DR for Hybrid and Multi-cloud Environments.

NEW QUESTION # 47

You are sizing an HPE Alletra Storage MP B10000 array (graphic provided).

What happens when the High Availability (HA) option is switched from Drive Level to Enclosure Level?

- A. The Enclosure Level option is only available with a switched configuration
- B. The estimated performance decreases due to lower IOPS and GB/s values
- C. The Enclosure Level option is not possible with the current number of disk enclosures
- D. The Usable Capacity for the array decreases when selecting Enclosure Level HA

Answer: D

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

Changing HA from Drive Level to Enclosure Level means the system must reserve additional capacity to tolerate the loss of an entire disk enclosure. This decreases usable capacity, as more parity/spare space is required. Performance remains similar, but capacity overhead increases.

Distractors:

A: Multiple enclosures exist in the config; option is valid.

B: Switched vs direct-connect is unrelated to HA settings.

C: Performance estimates are not directly reduced by HA level change; capacity is.

Key Concept: Enclosure HA = more reserve overhead # less usable capacity.

Reference: HPE Alletra MP Sizing Tool User Guide.

NEW QUESTION # 48

You need to evaluate a customer's virtual server environment to size an HCI solution based on HPE SimpliVity according to usage metrics over time. The environment consists of Dell servers and storage running VMware virtualization.

Which action can you use to gather the usage metrics of this setup?

- A. Import the HPE CloudPhysics Observer to the vCenter cluster to gather the analytics.
- B. Use HPE InfoSight for SimpliVity to gather data from external compute clusters.
- C. Use HPE NinjaOnline SimpliVity Sizer to gather the usage metrics of the current environment and have them imported directly into the sizer.
- D. Use the HPE InfoSight Primary Storage sizing tool to calculate the competitive performance metrics.

Answer: A

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

For competitive or 3rd-party (non-HPE) environments like Dell + VMware, HPE CloudPhysics is the correct tool. The Observer VM is deployed into vCenter to gather real-world workload metrics (CPU, memory, storage I/O). These analytics can then be used for SimpliVity HCI sizing.

Distractors:

A: NinjaOnline SimpliVity Sizer requires input metrics, but it cannot directly collect from 3rd-party environments.

B: InfoSight sizing applies to HPE arrays, not competitive storage.

D: InfoSight for SimpliVity only monitors existing HPE SimpliVity clusters.

Key Concept: CloudPhysics Observer # gathers competitive workload metrics # feeds into SimpliVity sizing.

Reference: HPE CloudPhysics for HCI Sizing.

NEW QUESTION # 49

Your customer is a hospital that recently experienced an outage that impacted patient care. They are evaluating HPE SimpliVity. Which statement about HPE SimpliVity RapidDR is correct?

- **A. HPE RapidDR requires an authorized person to execute a pre-configured recovery plan during failover.**
- B. HPE RapidDR auto-commit and auto-rollback policies are completed without user interaction.
- C. HPE RapidDR ensures an RTO of 0 in a stretched cluster topology.
- D. HPE RapidDR requires domain administrator credentials to re-IP virtual machines in the failover site.

Answer: A

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

HPE SimpliVity RapidDR simplifies and automates DR failover processes, but execution requires an authorized operator to trigger a pre-configured recovery plan. This balances automation with compliance and security requirements (important for healthcare). It does not guarantee zero RTO, but it does minimize RTO through automation.

Distractors:

A: RTO of 0 is not possible; RapidDR reduces but does not eliminate recovery time.

B: Domain admin credentials for re-IP are not required; automation handles reconfiguration.

C: Auto-commit/rollback require administrator validation; no "silent" automation is allowed for compliance.

Key Concept: RapidDR = automation of failover/failback but requires authorized trigger.

Reference: HPE SimpliVity RapidDR Technical Overview.

NEW QUESTION # 50

.....

Our HPE7-J02 study braindumps are designed in the aim of making the study experience more interesting and joyful. Through pleasant learning situation and vivid explanation of our HPE7-J02 exam materials, you will become more interested in learning. Please accept our HPE7-J02 learning prep and generate a golden bowl for yourself. We are waiting for your wise decision to try on or buy our excellent HPE7-J02 training guide.

HPE7-J02 Top Exam Dumps: <https://www.exams4sures.com/HP/HPE7-J02-practice-exam-dumps.html>

HP Latest HPE7-J02 Version Download one exam or all the exams - its up to you, HP Latest HPE7-J02 Version Multiple guarantees for passing. The simulation of the actual HPE7-J02 test helps you feel the real HPE7-J02 exam scenario, so you don't face anxiety while giving the final examination, HP Latest HPE7-J02 Version We have strict information system.

Several different file formats have been created for both HPE7-J02 special purposes and licensing reasons, Setting the Scene, Download one exam or all the exams - its up to you.

Multiple guarantees for passing. The simulation of the Actual HPE7-J02 Test helps you feel the real HPE7-J02 exam scenario, so you don't face anxiety while giving the final examination.

TOP Latest HPE7-J02 Version - The Best HP Advanced HPE Storage Integrator Solutions Written Exam - HPE7-J02 Top Exam Dumps

We have strict information system, Our professionals constantly keep testing our HPE7-J02 vce dumps to make sure the accuracy of our exam questions and follow the latest exam requirement.
