NEW QUESTION # 317

You work as a professional Ethical Hacker. You are assigned a project to test the security of www.weare-secure.com. You somehow enter in we-are-secure Inc. main server, which is Windows based.

While you are installing the NetCat tool as a backdoor in the we-are-secure server, you see the file credit.dat having the list of credit card numbers of the company's employees. You want to transfer the credit.dat file in your local computer so that you can sell that information on the internet in the good price. However, you do not want to send the contents of this file in the clear text format since you do not want that the Network Administrator of the we-are-secure Inc. can get any clue of the hacking attempt. Hence, you decide to send the content of the credit.dat file in the encrypted format.

What steps should you take to accomplish the task?
