PRINCE2 Practitioner Exam Sample Questions (Q206-Q211):

NEW QUESTION # 206

This question provides a number of changes which may or may not be required to the Extract from the Communication Management Strategy provided in the additional information.

Which statement applies to the Communication procedure section?

- A. No change to entry 2 because this is a sufficient description of the process required.
- B. **Amend entry 2 to include MNO Manufacturing Company standards for both internal and external company communications.**
- C. Delete entry 2 because only variations from the MNO Manufacturing Company standards should be recorded here.

Answer: B

NEW QUESTION # 207

ABC Company has a standard course development model with four defined stages that the company manages using PRINCE2. The project manager for the Health and Safety Training Project has recommended the stage 2 of the standard model be split into two separate stages. As a result, there will now be five management stages in the project.

Is this an appropriate application of the 'tailor to suit the project' principle, and why?

- A. Yes, because the standard course development structure should be tailored to suit the project.
- B. Yes, because the project manager can adapt or combine PRINCE2 process to suit the project.
- C. No, because a simple project should have no more than two management stages.
- D. No, because the standard course development structure should be applied to the project.

Answer: A

NEW QUESTION # 208

Based on lessons from previous projects that used the ABC Company standard development model, the project board has set low cost and time tolerances for stage 2. As a result, the project manager plans to set very low tolerances for time and cost for all work packages to be carried out during stage 2.

Is this an appropriate application of the 'manage by exception' principle, and why?

- A. Yes, because the project manager should set tolerance equally for all work packages in a stage.
- B. No, because tolerances set by the project manager should be the same as those set by the project board.
- C. Yes, because setting appropriate tolerances for work packages will help keep the stage within tolerances.
- D. No, because the project manager should divide the stage tolerances between the team managers.

Answer: C

NEW QUESTION # 209

Which of the following is NOT a trigger for the project manager to authorize a work package?

- A. Stage Authorization
- B. Corrective Action
- C. Reporting highlights
- D. Exception plan approved

Answer: C

NEW QUESTION # 210
