1Y0-205 Latest Exam Registration & Real 1Y0-205 Question

We will have a dedicated specialist to check if our 1Y0-205 learning materials are updated daily. We can guarantee that our 1Y0-205 exam question will keep up with the changes, and we will do our best to help our customers obtain the latest information. If you choose to purchase our 1Y0-205 quiz torrent, you will have the right to get the update for free. Once our 1Y0-205 Learning

Materials are updated, we will automatically send you the latest information about our 1Y0-205 exam question. We assure you that our company will provide customers with a sustainable update system.

Citrix Virtual Apps and Desktops Administration Sample Questions (Q15-Q20):

NEW QUESTION # 15

Which disk type will always be created for each virtual machine, when creating new virtual machines using Machine Creation Services (MCS)?

- A. Full-clone base disk
- **B. Identity disk**
- C. Differencing (Diff) disk
- D. Personal vDisk

Answer: B

NEW QUESTION # 16

Scenario: A Citrix Administrator maintains a Citrix Virtual Apps and Desktops Site with a number of network print servers being used for all users. Currently, the print servers use native Windows drivers. No client printers are being used. New company guidelines require a reduction in the number of native drivers being used within the Site infrastructure. Which step can the administrator take to meet the new company guidelines?

- **A. Install the Universal Print Server on all print servers in the Site and update the Universal printer driver usage policy setting.**
- B. Install the Universal Print Server on all print servers in the Site and leave the default Universal printer driver usage policy setting.
- C. Configure the Citrix Universal Generic Printer and update the Auto-create generic universal printer policy setting.
- D. Enable the Citrix Universal Print Driver (EMF) driver and leave the default Universal printer driver usage policy setting.

Answer: A

Explanation:

By installing the Citrix Universal Print Server and configuring the Universal printer driver usage policy, print servers can use the Citrix Universal Print Driver instead of multiple native Windows drivers. This reduces the number of drivers in the environment while ensuring centralized network printing remains functional.

NEW QUESTION # 17

Which PowerShell command should a Citrix Administrator run to obtain the name of a deployment, the local host cache configuration and the license level?

- **A. Get-BrokerSite**
- B. Get-BrokerController
- C. Get-BrokerResource
- D. Get-BrokerCatalog

Answer: A

Explanation:

The Get-BrokerSite PowerShell command retrieves details about the Citrix Site, including the deployment name, local host cache configuration, and license level. This makes it the correct command for gathering this type of information.

NEW QUESTION # 18

Scenario: A Citrix Administrator is investigating an issue in which a user's session does NOT successfully end after closing the last published application. The administrator used Task Manager to inspect the hanging session but could NOT find any relevant information. Which tool could the administrator use to get further details on orphaned processes in the session?

- A. Handle

- B. Regmon
- C. Procmon
- **D. Process Explorer**

Answer: D

Explanation:

Process Explorer provides detailed insight into running processes, their parent-child relationships, and resource usage. It is the best tool to identify orphaned processes that prevent a Citrix session from ending after the last application is closed.

NEW QUESTION # 19

A user complains to a Citrix Administrator that application load time is long when they log on at the beginning of the work day. Which feature can the administrator enable to reduce the perceived start time of the user's application?

- **A. Application Prelaunch**
- B. Application Keyword
- C. Application Limits
- D. Application Lingering

Answer: A

Explanation:

Application Prelaunch starts an application session in the background before the user explicitly launches it. This reduces perceived application load time, especially at the beginning of the work day, by keeping sessions ready for faster access.

NEW QUESTION # 20

.....

Though our 1Y0-205 training guide is proved to have high pass rate, but If you try our 1Y0-205 exam questions but fail in the final exam, we can refund the fees in full only if you provide us with a transcript or other proof that you failed the exam.
