## C-SIGDA-2403 Free Practice Exams & Test C-SIGDA-2403 Dumps Free

There are so many benefits when you get qualified by the C-SIGDA-2403 certification. Expand your knowledge and your potential earning power to command a higher salary by earning the C-SIGDA-2403 best study material. Now, let's prepare for the exam test with the C-SIGDA-2403 training pdf offered by ValidTorrent. C-SIGDA-2403 Online Test engine is selected by many candidates because of its intelligence and interactive features. You can use the C-SIGDA-2403 online test off-line, while you should run it in the network environment.

### SAP C-SIGDA-2403 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• Plug &amp; Gain: In this topic, you encounter questions about sub-topics of pain and gain.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>• SAP Signavio Process Collaboration Hub: By covering this topic, you learn how to navigate through different process information and collaborate with other business users. Lastly, the topic delves into this navigation to share feedback on process content.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>• SAP Signavio Process Insights: The topic gives insights into SAP Signavio Process.</li></ul>

Topic 4	<ul style="list-style-type: none"> <li>• Business Process Management: There are different areas of business process management. This topic explains those areas and also discusses the process levels and its architecture.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>• SiGNAL: This topic explains how to use SiGNAL as query language. It also discusses how process data and analyze it in more depth.</li> </ul>
Topic 6	<ul style="list-style-type: none"> <li>• SAP Signavio Process Intelligence: To explore and analyze a data set, this section discusses creating an investigation. It also discusses revealing inefficiencies in the process.</li> </ul>

## SAP Certified Associate - Process Data Analyst - SAP Signavio Sample Questions (Q14-Q19):

### NEW QUESTION # 14

What are the goals of Business Process Management? Note: There are 3 correct answers to this question.

- A. To document processes
- B. To monitor and control processes
- C. To share processes
- D. To measure processes
- E. To save processes

**Answer: A,B,D**

### NEW QUESTION # 15

What are some benefits of the SQL Query Editor? Note: There are 3 correct answers to this question.

- A. Retrieves data and perform calculations
- B. Creates more in-depth process queries
- C. Visualizes results in detailed charts
- D. Visualizes different data sources
- E. Creates easily process simulations

**Answer: A,B,C**

Explanation:

The SQL Query Editor enhances the analytical capabilities of SAP Signavio Process Intelligence by allowing custom data queries.

The documentation highlights its benefits:

\* Exact Extract:"Benefits of the SQL Query Editor include:

\* Retrieving data and performing calculations to derive custom metrics or insights.

\* Visualizing query results in detailed charts or widgets for better interpretation.

\* Enabling in-depth process queries to analyze complex process patterns or relationships." (SAP Signavio Process Intelligence User Guide, section on "SQL Query Editor Benefits").

\* Explanation:

\* Option A (Retrieves data and perform calculations):The SQL Query Editor allows users to extract specific data and apply calculations, such as summing costs or averaging durations, to create custom metrics.

\* Option B (Visualizes results in detailed charts):Query results can be visualized using widgets like the Value Widget or Over Time Widget, presenting data in charts for easier analysis.

\* Option C (Creates more in-depth process queries):The editor supports complex queries to explore detailed process aspects, such as identifying rare variants or analyzing correlations between attributes.

\* Option D (Creates easily process simulations)is incorrect as process simulations are a feature of SAP Signavio Process Manager, not the SQL Query Editor.

\* Option E (Visualizes different data sources)is incorrect because the editor queries data within a single investigation's dataset, not across multiple data sources.

### NEW QUESTION # 16

What are some benefits of using metrics in SAP Signavio Process Intelligence? Note: There are 2 correct answers to this question.

- A. Share metrics between workspaces
- B. Define the purpose of an investigation
- C. Add and customize metrics from the library
- D. Visualize important KPI's in the Process Discovery Widget

**Answer: C,D**

Explanation:

The benefits of using metrics in SAP Signavio Process Intelligence include the ability to visualize important Key Performance Indicators (KPIs) in the Process Discovery Widget and to add and customize metrics from the library. The Process Discovery Widget allows users to dynamically explore process data and metrics, making it easier to identify trends, bottlenecks, and opportunities for improvement. Furthermore, the extensive library of metrics in SAP Signavio Process Intelligence can be customized to meet the specific needs of an investigation, providing flexibility and depth in process analysis. Defining the purpose of an investigation and sharing metrics between workspaces are important, but they are broader aspects of process intelligence rather than direct benefits of using metrics. References: SAP Signavio Process Intelligence Documentation

### NEW QUESTION # 17

What are the key aspects of the standalone connector? Note: There are 3 correct answers to this question.

- A. It runs ETL scripts externally of SAP Signavio Process Intelligence.
- B. It uses the API of SAP Signavio Process Intelligence to push data into a process.
- C. It connects to other process modeling platforms and collects process model information.
- D. It can be used if the source system is not covered by standard connectors.
- E. It connects different investigations of process.

**Answer: A,B,D**

### NEW QUESTION # 18

Which of the following is essential information that an Eventlog must contain? Note: There are 3 correct answers to this question.

**Answer:**

Explanation:

A,C,E

### NEW QUESTION # 19

.....
