You can donate it to your classmates or friends. They will thank you so much.

## **IASP Strategy Planning Professional Exam Sample Questions (Q106-Q111):**

### **NEW QUESTION # 106**

Which of the following is generally included in the process of "cascading" an organizational strategy map?

- A. Write vision and mission statements for each business and support unit
- **B. Develop strategic objectives, performance measures, and strategic initiatives for business and support units**
- C. Reorganize business and support units
- D. Review employee development plans and performance incentives

**Answer: B**

Explanation:

Cascading an organizational strategy map involves developing strategic objectives, performance measures, and strategic initiatives tailored for business and support units to ensure alignment with corporate-level strategy. This process translates high-level goals into actionable plans across all parts of the organization, facilitating coherent execution. The IASP SPP curriculum emphasizes cascading as essential for operationalizing strategy, driving accountability, and ensuring every unit understands its contribution to overarching objectives. Vision and mission creation, employee plans, and reorganization may complement but are not central to cascading. #IASP SPP Study Guide - Strategy Implementation##Kaplan & Norton, Balanced Scorecard#

### **NEW QUESTION # 107**

Employee commitment should be secured at what point in the strategic management process?

- **A. As early as possible**
- B. Once key analysis has been completed
- C. After senior managers have made asset allocation decisions
- D. Not until the vision has been approved

**Answer: A**

Explanation:

Securing employee commitment as early as possible in the strategic management process is crucial for success. Early engagement fosters ownership, reduces resistance, and aligns employees' efforts with organizational goals. Waiting until after senior management decisions or vision approval risks disconnects and resistance. The IASP SPP framework emphasizes that involving employees early through communication, participation, and feedback creates momentum and sustainable strategic execution. #IASP SPP Study Guide - Change Management##Kotter, Leading Change#

### **NEW QUESTION # 108**

The goal of any strategic planning process is to produce a strategic plan that

- **A. supports the realization of the organization's vision**
- B. consumes as little resources as possible in its development.
- C. is clear to all who read it.
- D. has the complete support of management.

**Answer: A**

Explanation:

The primary goal of strategic planning is to develop a plan that supports the organization's vision, aligning resources, priorities, and actions toward the desired future. Clarity, resource efficiency, and management support are important but serve this overarching purpose. The IASP SPP curriculum stresses that plans must be visionary and actionable, providing a roadmap for long-term success. A plan lacking alignment with vision risks irrelevance or fragmentation. #IASP SPP Study Guide - Strategic Planning Fundamentals##Drucker, The Practice of Management#

## NEW QUESTION # 109

An effective vision statement

- A. explains the organization's strategy.
- B. sets aggressive financial goals.
- C. is carefully defined and complete.
- D. is future oriented and inspiring.

**Answer: D**

Explanation:

An effective vision statement provides a future-oriented, inspiring picture of what the organization aspires to become. It motivates stakeholders and guides strategic direction without prescribing detailed strategies or financial targets. The IASP SPP curriculum stresses that clear and compelling vision statements align organizational efforts and build shared purpose. While precision and completeness are valuable, the primary role of vision is aspirational, not operational.

#Drucker, The Practice of Management#

## NEW QUESTION # 110

Of the four elements presented, which would you expect to see more so on a business plan rather than on a strategic plan?

- A. Detailed results of an environmental scan
- B. Vision and mission statements
- C. Detailed performance metrics
- D. Detailed financial projections

**Answer: D**

Explanation:

Detailed financial projections are typically included in business plans, which focus on tactical, short-term resource requirements and financial feasibility. Strategic plans emphasize vision, mission, high-level goals, and performance metrics to guide long-term direction. The IASP SPP curriculum highlights the distinction between these documents and their purposes.
