Intereactive NCP-US Testing Engine, NCP-US Exam Lab Questions

Life is short for each of us, and time is precious to us. Therefore, modern society is more and more pursuing efficient life, and our NCP-US exam materials are the product of this era, which conforms to the development trend of the whole era. It seems that we have been in a state of study and examination since we can remember, and we have experienced countless tests, including the qualification examinations we now face. In the process of job hunting, we are always asked what are the achievements and what certificates have we obtained? Therefore, we get the test Nutanix certification and obtain the qualification certificate to become a quantitative standard, and our NCP-US learning guide can help you to prove yourself the fastest in a very short period of time.

Nutanix Certified Professional - Unified Storage v6.5 Sample Questions (Q73-Q78):

NEW QUESTION # 73
An administrator is implementing a storage solution with these requirements:
Is easily searchable
Natively supports disaster recovery
Access to each item needs to be fast
Can scale to petabytes of data
users are granted access after authentication
user data is isolated, but could be shared
How should the administrator satisfy these requirements?

- A. Implement Volumes with CHAP.
- B. use Files distributed share with ABE.
- C. Configure Calm with an application per user.
- D. Deploy Objects with AD integration.

Answer: D

Explanation:
This is because Objects can provide fast access to each item using S3-compatible API which can be easily searched using metadata tags or third-party tools3. Objects also natively supports disaster recovery using replication policies1. Objects can scale to petabytes of data using erasure coding which reduces storage overhead1. Users can be granted access after authentication using AD integration which simplifies identity management1. User data can be isolated but could be shared using buckets which are logical containers for objects that can have different policies applied1.

NEW QUESTION # 74
An administrator has been directed to configure Volumes to Nutanix's best practices for security.
What should the administrate! do to be compliant?

- A. Configure Volume Groups to use CHAP.
- B. Use data services IP for external host connectivity.
- C. Enable at-rest encryption on Volume Groups.
- D. Segment iSCSI traffic to a physically separate network.

Answer: A

NEW QUESTION # 75
Within the Prism Central Entity > Services > Objects menu option, what is the correct task order for creating an object storage?

Answer:

Explanation:

NEW QUESTION # 76
What is the most likely cause no Prism Element clusters are listed when trying to create a new object store?

- A. Prism Element has not yet completed synchronization with Prism Central.
- B. Prism Element cluster CVMs must be restarted after registration.
- C. Although Prism Element is registered, object stores cannot be added via Prism Central.
- D. The administrator did not manually sync Prism Element to Prism Central after registration.

Answer: A

NEW QUESTION # 77
A service provider must provide mufti-tenancy capabilities, allowing for each of their customers' data to be isolated on their hosting infrastructure.
How should the Objects administrator configure the environment to meet this requirement?

- A. Create independent Objects stores for each customer.
- B. Create independent Objects buckets for each customer.
- C. Configure micro segmentation on the Objects stores.
- D. Configure Role-based access on the Objects buckets.

Answer: A

Explanation:
Objects stores are logical entities that provide S3-compatible object storage services1. You can create multiple Objects stores on a Nutanix cluster and assign them to different customers1.

NEW QUESTION # 78

......

Our website aimed to helping you and fully supporting you to pass NCP-US actual test with high passing score in your first try. So we prepared top NCP-US pdf torrent including the valid questions and answers written by our certified professionals for you. Our NCP-US Practice Exam available in three modes, pdf files, and PC test engine and online test engine, which apply to any level of candidates.
