## New SPLK-1003 Mock Exam | Test SPLK-1003 Sample Online

We have prepared our Splunk SPLK-1003 Training Materials for you. They are professional practice material under warranty. Accompanied with acceptable prices for your reference, all our materials with three versions are compiled by professional experts in this area more than ten years long.

### Splunk Enterprise Certified Admin Sample Questions (Q39-Q44):

#### NEW QUESTION # 39

Windows can prevent a Splunk forwarder from reading open files. If files need to be read while they are being written to, what type of input stanza needs to be created?

- A. Tail Reader
- **B. MonitorNoHandle**
- C. Monitor
- D. Upload

**Answer: B**

Explanation:

The correct answer is C. MonitorNoHandle.

MonitorNoHandle is a type of input stanza that allows a Splunk forwarder to read files on Windows systems as Windows writes to them. It does this by using a kernel-mode filter driver to capture raw data as it gets written to the file1. This input stanza is useful for files that get locked open for writing, such as the Windows DNS server log file2.

The other options are incorrect because:

A) Tail Reader is not a valid input stanza in Splunk. It is a component of the Tailing Processor, which is responsible for monitoring files and directories for new data<sup>3</sup>.

B) Upload is a type of input stanza that allows Splunk to index a single file from a local or network file system. It is not suitable for files that are constantly being updated, as it only indexes the file once and does not monitor it for changes<sup>4</sup>.

D) Monitor is a type of input stanza that allows Splunk to monitor files and directories for new data. However, it may not work for files that Windows prevents Splunk from reading while they are open. In such cases, MonitorNoHandle is a better option<sup>2</sup>.

A Splunk forwarder is a lightweight agent that can forward data to a Splunk deployment. There are two types of forwarders: universal and heavy. A universal forwarder can only forward data, while a heavy forwarder can also perform parsing, filtering, routing, and aggregation on the data before forwarding it<sup>5</sup>.

An input stanza is a section in the inputs.conf configuration file that defines the settings for a specific type of input, such as files, directories, network ports, scripts, or Windows event logs. An input stanza starts with a square bracket, followed by the input type and the input path or name. For example, [monitor://var/log] is an input stanza for monitoring the /var/log directory.

- 4: Upload a file - [Splunk Documentation](#)
- 5: Use forwarders to get data into Splunk Enterprise - [Splunk Documentation](#)
- [6]: inputs.conf - [Splunk Documentation](#)

#### NEW QUESTION # 40

What is the valid option for a [monitor] stanza in inputs.conf?

- A. datasource
- **B. ignoreOlderThan**
- C. enabled
- D. server\_name

#### Answer: B

Explanation:

Setting: ignoreOlderThan = <time\_window> Description: "Causes the input to stop checking files for updates if the file modification time has passed the <time\_window> threshold." Default: 0 (disabled) Reference:

<https://docs.splunk.com/Documentation/Splunk/8.0.5/Data/ Monitorfilesanddirectorieswithininputs.conf>

#### NEW QUESTION # 41

If an update is made to an attribute in inputs.conf on a universal forwarder, on which Splunk component would the fishbucket need to be reset in order to reindex the data?

- A. Search head
- B. Forwarder
- C. Deployment server
- **D. Indexer**

#### Answer: D

Explanation:

Reference <https://community.splunk.com/t5/Archive/How-to-reindex-data-from-a-forwarder/td-p/93310>

#### NEW QUESTION # 42

What is the correct curl to send multiple events through HTTP Event Collector?

- **A. Option B**
- B. Option D
- C. Option C
- D. Option A

#### Answer: A

Explanation:

curl "https://mysplunkserver.example.com:8088/services/collector" \ -H "Authorization: Splunk DF4S7ZE4-3GS1-8SFS-E777-0284GG91PF67" \ -d ' {"event": "Hello World"}, {"event": "Hola Mundo"}, {"event": "Hallo Welt"}' . This is the correct curl command to send multiple events through HTTP Event Collector (HEC), which is a token-based API that allows you to send data to Splunk Enterprise from any application that can make an HTTP request. The command has the following components:

The URL of the HEC endpoint, which consists of the protocol (https), the hostname or IP address of the Splunk server (mysplunkserver.example.com), the port number (8088), and the service name (services /collector).

The header that contains the authorization token, which is a unique identifier that grants access to the HEC endpoint. The token is prefixed with Splunk and enclosed in quotation marks. The token value (DF4S7ZE4-3GS1-8SFS-E777-0284GG91PF67) is an example and should be replaced with your own token value.

The data payload that contains the events to be sent, which are JSON objects enclosed in curly braces and separated by commas. Each event object has a mandatory field called event, which contains the raw data to be indexed. The event value can be a string, a number, a boolean, an array, or another JSON object. In this case, the event values are strings that say hello in different languages.

#### NEW QUESTION # 43

Which of the following is valid distribute search group?

- A)
- B)

```
[searchGroup:Paris]
default = false
servers = server1:8089, server2:8089
```

- C)

```
[searchGroup:Paris]
default = false
servers = server1:9997, server2:9997
```

- D)

- A. Option D
- B. Option B
- C. option A
- D. Option C

**Answer:** A

#### NEW QUESTION # 44

.....

When you are preparing SPLK-1003 practice exam, it is necessary to grasp the overall knowledge points of real exam by using the latest SPLK-1003 pass guide. Our experts written the accurate SPLK-1003 test answers for exam preparation and created the study guideline for our candidates. We promise you will get high passing mark with our valid SPLK-1003 Exam Torrent and your money will be back to your account if you failed exam with our study materials.

**New SPLK-1003 Mock Exam:** <https://www.passtorrent.com/SPLK-1003-latest-torrent.html>

SPLK-1003 cutting-edge resources have helped most candidates get their SPLK-1003 certification, Last but not the least, there is no limitation for downloading and installing, so our three versions of Splunk New SPLK-1003 Mock Exam New SPLK-1003 Mock Exam - Splunk Enterprise Certified Admin PDF torrent can make all buyers satisfying, Splunk Latest SPLK-1003 Test Pass4sure Special discount are also waiting for you.
