

Introduction-to-Biology latest WGU certification exam questions and answers published

WGU C190 - Introduction to Biology WGU - Unit 1: Modules 1 2 & 3 with Complete Solutions

Matter - ANSWER-Any substance that has mass and takes up space

2 classes of matter - ANSWER-biotic (living/have lived)
abiotic (nonliving/never alive)

The basic unit of matter - ANSWER-the atom

The atom is made up of: - ANSWER-a dense nucleus surrounded by electrons

Atoms join together and form: - ANSWER-molecules

Molecules consist of: - ANSWER-at least two atoms held together by a chemical bond

Macromolecules are: - ANSWER-biologically important molecules AKA polymers

Polymers are made by: - ANSWER-combining smaller units called monomers (simpler macromolecules)

Macromolecule example: - ANSWER-DNA (built of 4 kinds of monomers (nucleotides) strung together (polymerized) in a sequence that codes for structure of proteins and other bio molecules.)

Building blocks of a cell: - ANSWER-when macromolecules form a membrane-bound sphere

Two main types of cells: - ANSWER-prokaryotes and eukaryotes

Prokaryote characteristics: - ANSWER-small and simple, they do not have any clearly defined compartments inside of them

Eukaryote characteristics: - ANSWER-include membrane-bound organelles (can be complex)

Organelle characteristics: - ANSWER-compartments inside the cell that contain specific groups of macromolecules and carry out specific cellular functions (i.e. the nucleus which encloses DNA within the cell)

Microorganisms: - ANSWER-single-celled life forms

Introduction-to-Biology certifications are one of the most popular certifications currently. Earning Introduction-to-Biology certification credentials is easy, in first attempt, with the help of products. DumpsFree is well-reputed brand among the professional. That provides the best preparation materials for Introduction-to-Biology Certification exams. DumpsFree has a team of Introduction-to-Biology subject experts to develop the best products for Introduction-to-Biology certification exam preparation.

With the rapid development of the world economy, it has been universally accepted that a growing number of people have longed to become the social elite. However, the competition of becoming the social elite is fierce for all people. The Introduction-to-Biology exam will be a shortcut for a lot of people who desire to be the social elite. If you try your best to prepare for the Introduction-to-Biology Exam and get the related certification in a short time, it will be easier for you to receive the attention from many leaders of the big company.

Introduction-to-Biology Exam Learning, Introduction-to-Biology Study Materials Review

Nowadays, using electronic materials to prepare for the exam has become more and more popular, so now, you really should not be restricted to paper materials any more, our electronic Introduction-to-Biology exam torrent will surprise you with their effectiveness

and usefulness. I can assure you that you will pass the Introduction-to-Biology Exam as well as getting the related certification under the guidance of our Introduction-to-Biology training materials as easy as pie. Just have a try on our Introduction-to-Biology exam questions, you will love them for sure!

WGU Introduction to Biology (KBC1, C190) Exam Sample Questions (Q44-Q49):

NEW QUESTION # 44

Through which process does information flow from RNA to protein?

- A. Transposition
- **B. Translation**
- C. Transcription
- D. Transformation

Answer: B

NEW QUESTION # 45

A subatomic particle is located in the outermost shell of an atom. Because of its position, it strongly influences the atom's reactivity. What is this particle?

- A. Nucleus
- **B. Electron**
- C. Proton
- D. Neutron

Answer: B

NEW QUESTION # 46

Which comparison of DNA and RNA is correct?

- A. DNA uses uracil; RNA uses thymine.
- B. DNA is single-stranded; RNA is double-stranded.
- C. DNA is a monomer; RNA is a polymer.
- **D. DNA stores hereditary information; RNA is used to make proteins.**

Answer: D

NEW QUESTION # 47

A cell is bounded by a cell wall and has an organelle that performs photosynthesis. Which type of eukaryotic cell and organelle are described?

- A. Animal; ribosome
- **B. Plant; chloroplast**
- C. Animal; Golgi apparatus
- D. Both plant and animal; mitochondria

Answer: B

NEW QUESTION # 48

The human MN blood group is determined by two codominant alleles (M and N). In one family, all offspring are MN. What are the most probable genotypes of the parents?

- A. MN and MN
- B. MM and MN
- **C. MM and NN**

- D. NN and MN

Answer: C

NEW QUESTION # 49

.....

Many candidates test again and again since the Introduction-to-Biology test cost for is not cheap. Why not choose to pass exam certainly with exam study guide materials? You are under great pressure before passing the real test without WGU Introduction-to-Biology Study Guide Pdf. It may have a big impact on your career and life. Why not take a shortcut while facing difficulties? Why not trust latest version of DumpsFree Introduction-to-Biology study guide PDF and give you a good chance?
