There are many things that you need to know about the Microsoft MB-330 Exam, and one of the most important is its duration. This test is 120 minutes long and consists of about 40 to 60 questions that are majorly based on the multiple-choice and multiple-response formats. This means that the candidates only have about 2 minutes for each question, so they need to work quickly. The test is available in the English language and costs \$165.

The retake policy for the Microsoft MB-330 exam is quite straightforward. If you are unable to pass this test on the first try, you will have to wait for at least 24 before you can take it again. However, if you are still unable to clear the exam, you will have to wait at least 14 days before you can have another go. If you can't complete your test for the third time, you should wait 14 days before you can have the fourth and fifth attempts. It is important to keep in mind that Microsoft only allows 5 attempts in a year, so if you are unable to pass the exam on the 5th try, you will not have any more retakes.

If you plan to cancel the exam appointment, it is important to do so at least 24 hours before the test. This is because if you fail to cancel or reschedule the exam, you will be forfeiting your fee.
