NEW QUESTION # 11
In the Editor, a Shuttle has a full green circle next to it when looking at the Production environment. How would you describe the status of this Shuttle?

- A. Published to Production but has been modified
- B. Published to Production
- C. Draft mode in Test
- D. Archived in Production

Answer: B

Explanation:
In the WalkMe Editor, a full green circle next to a content item, such as a Shuttle, in the Production environment indicates that the item is Published to Production and is live for end users. This status confirms that the Shuttle has been successfully deployed without subsequent modifications or archiving.
The other options are incorrect:
* Draft mode in Test (A) would show a different icon (e.g., gray or yellow) in the Test environment.
* Archived in Production (B) would show an archived status, not a green circle.
* Published but modified (C) would display a modified indicator, not a full green circle.
