Reliable DP-900 Exam Sample - High-quality Microsoft Microsoft Azure Data Fundamentals - DP-900 Latest Dumps Ppt

In today's society, many enterprises require their employees to have a professional DP-900 certification. It is true that related skills serve as common tools frequently used all over the world, so we can realize that how important an DP-900 certification is, also understand the importance of having a good knowledge of it. Passing the DP-900 exam means you might get the chance of higher salary, greater social state and satisfying promotion chance. Once your professional DP-900 ability is acknowledged by authority, you master the rapidly developing information technology. With so many advantages, why don't you choose our reliable DP-900 actual exam guide, for broader future and better life?

Microsoft Azure Data Fundamentals Sample Questions (Q151-Q156):

NEW QUESTION # 151

Match the types of data to the appropriate Azure data services.

To answer, drag the appropriate data types from the column on the left to its service on the right. Each data type may be used once, more than once, or not at all.

NOTE: Each correct match is worth one point.

The screenshot shows the exam interface for question 151. On the left, under 'Data Types', there are three items: 'Image files', 'Key/value pairs', and 'Relationships between employees'. On the right, under 'Answer Area', there are three options: 'Azure Blob storage', 'Azure Cosmos DB Gremlin API', and 'Azure Table storage'. A watermark 'realvalidexam.com' is visible across the center.

Answer:

Explanation:

The screenshot shows the same exam interface as before, but with the correct matches highlighted in green boxes. 'Image files' is matched to 'Azure Blob storage', 'Key/value pairs' is matched to 'Azure Cosmos DB Gremlin API', and 'Relationships between employees' is matched to 'Azure Table storage'. A watermark 'realvalidexam.com' is visible across the center.
