CMQ/OE Exam Structure

The ASQ CMQ/OE test includes different multiple-choice questions that will assess their knowledge of the topics from the exam syllabus. The number of items, though, differs based on the way the exam is delivered. Therefore, if the candidates take a computer-delivered test, they will have to solve 180 questions. This type of exam is delivered in the English language only. Plus, out of the total number of questions, only 165 are scored. The remaining ones are unscored queries and they are used for statistical purposes. The total time allotted for the candidates will be 4 hours and 18 minutes. If the examinees want to take this test with paper and pencil, then they will have to solve 165 inquiries only. Still, the type of questions remains multiple-choice. As for the allotted time, the candidates will have only four hours to answer as many questions as possible. Notably, this type of validation is delivered in both English and Mandarin. Another important aspect to mention is that all exams are open books. This means that the examinees can

bring and use any type of materials they want.
