A Lead Assessor has been assigned to a CMMC Assessment. During the assessment, one of the assessors approaches with a signed policy. There is one signatory, and that person has since left the company.

Subsequently, another person was hired into that position but has not signed the document. Is this document valid?

- A. The signatory does not validate or invalidate the policy. For the purpose of this assessment, ensuring that the policy is current and is being implemented by the individuals who are performing the work is sufficient.
