If candidates are afraid of failing exam and do not want to attend test one more time and pay twice or more exam cost, our 312-38 PDF dumps are really a good shortcut for you.

The Software Test Team and the Customer Support Team, Therefore, **312-38 Top Questions** you can delete all the existence of a material, Select the appropriate shortcut just to guarantee success.

Our educational experts will handle this information skillfully and publish high passing-rate 312-38 test preparation materials professionally. It is never too late to learn new things.

Printable Questions & Answers, Never have any other platforms done that like our EC-COUNCIL 312-38 real questions offer so many ways to every customer and candidate.

EC-COUNCIL 312-38 Top Questions & 312-38 Reliable Exam Questions

P.S. Free & New 312-38 dumps are available on Google Drive shared by Actual4Dumps: <https://drive.google.com/open?id=1F9behgJw-gZtva-Mwt0NoLPBQukrPFNT>

In order to meet different needs of our customers, we have three versions for 312-38 study guide materials. All three versions have free demo for you to have a try. 312-38 PDF version is printable, and you can study them in anytime and at anyplace. 312-38 Soft test engine supports MS operating system, have two modes for practice, and can build up your confidence by stimulating the real exam environment. 312-38 Online Test engine can practice online anytime, it also have testing history and performance review. Just have a look, there is always a version for you.

Our experts are responsible to make in-depth research on the exams who contribute to growth of our 312-38 practice guide. Their highly accurate exam point can help you detect flaws on the review process and trigger your enthusiasm about the exam. What is more, 312-38 Study Materials can fuel your speed and the professional backup can relieve you of stress of the challenge. So their profession makes our 312-38 preparation engine trustworthy.

Pdf 312-38 Dumps | 312-38 Valid Exam Prep

Our 312-38 exam questions are so excellent for many advantages. Firstly, the quality of our 312-38 learning braindumps is very high. You may think that our 312-38 training materials can only help you to start with confidence, but in fact, they cover the real exam questions and answers. And the accuracy of them will let you surprised. Secondly, the prices for the 312-38 learning prep are

really favorable for every candidate. Even the students can afford it.

EC-COUNCIL EC-Council Certified Network Defender CND Sample Questions (Q329-Q334):

NEW QUESTION # 329

Which of the following is a term to describe the use of inert gases and chemical agents to extinguish a fire?

- A. Gaseous fire suppression
- B. Fire alarm system
- C. Fire sprinkler
- D. Fire suppression system

Answer: A

Explanation:

Explanation/Reference:

NEW QUESTION # 330

Smith is an IT technician that has been appointed to his company's network vulnerability assessment team. He is the only IT employee on the team. The other team members include employees from Accounting, Management, Shipping, and Marketing. Smith and the team members are having their first meeting to discuss how they will proceed. What is the first step they should do to create the network vulnerability assessment plan?

- A. Their first step is to analyze the data they have currently gathered from the company or interviews.
- B. **Their first step is the acquisition of required documents, reviewing of security policies and compliance.**
- C. Their first step is to create an initial Executive report to show the management team.
- D. Their first step is to make a hypothesis of what their final findings will be.

Answer: B

Explanation:

The first step in creating a network vulnerability assessment plan is to acquire the necessary documents and review the organization's security policies and compliance requirements. This involves gathering all relevant information that will inform the scope and focus of the vulnerability assessment. It includes understanding the security policies in place, the regulatory compliance obligations the company must adhere to, and any existing security measures and controls. This foundational step ensures that the vulnerability assessment is aligned with the company's security posture and compliance mandates, providing a clear direction for the subsequent stages of the assessment process.

NEW QUESTION # 331

Which type of wireless network attack is characterized by an attacker using a high gain amplifier from a nearby location to drown out the legitimate access point signal?

- A. Rogue access point attack
- B. Unauthorized association
- C. **Jamming signal attack**
- D. Ad Hoc Connection attack

Answer: C

Explanation:

Explanation/Reference:

NEW QUESTION # 332

Larry is responsible for the company's network consisting of 300 workstations and 25 servers. After using a hosted email service for a year, the company wants to control the email internally. Larry likes this idea because it will give him more control over the email. Larry wants to purchase a server for email but does not want the server to be on the internal network due to the potential to cause

security risks. He decides to place the server outside of the company's internal firewall. There is another firewall connected directly to the Internet that will protect traffic from accessing the email server. The server will be placed between the two firewalls. What logical area is Larry putting the new email server into?

- A. He will put the email server in an IPsec zone.
- B. For security reasons, Larry is going to place the email server in the company's Logical Buffer Zone (LBZ).
- C. Larry is going to put the email server in a hot-server zone.
- D. He is going to place the server in a Demilitarized Zone (DMZ)

Answer: D

Explanation:

Larry is placing the new email server in a Demilitarized Zone (DMZ). A DMZ is a physical or logical subnetwork that contains and exposes an organization's external-facing services to an untrusted network, usually the internet. The purpose of a DMZ is to add an additional layer of security to an organization's local area network (LAN); an external attacker only has access to equipment in the DMZ, rather than any other part of the network. The email server placed in the DMZ can be accessed from the internet, but it does not have direct access to the internal network, which reduces the risk of an internal security breach if the email server is compromised.

NEW QUESTION # 333

Which of the following protocols is used for exchanging routing information between two gateways in a network of autonomous systems?

- A. EGP
- B. OSPF
- C. ICMP
- D. IGMP

Answer: A

Explanation:

EGP stands for Exterior Gateway Protocol. It is used for exchanging routing information between two gateways in a network of autonomous systems. This protocol depends upon periodic polling with proper acknowledgements to confirm that network connections are up and running, and to request for routing updates.

Each router requests its neighbor at an interval of 120 to 480 seconds, for sending the routing table updates.

The neighbor host then responds by sending its routing table. EGP-2 is the latest version of EGP.

Answer option B is incorrect. Internet Control Message Protocol (ICMP) is a maintenance protocol that allows routers and host computers to swap basic control information when data is sent from one computer to another.

It is generally considered a part of the IP layer. It allows the computers on a network to share error and status information. An ICMP message, which is encapsulated within an IP datagram, is very useful to troubleshoot the network connectivity and can be routed throughout the Internet.

Answer option A is incorrect. Internet Group Management Protocol (IGMP) is a communication protocol that multicasts messages and information among all member devices in an IP multicast group. However, multicast traffic is sent to a single MAC address but is processed by multiple hosts. It can be effectively used for gaming and showing online videos. IGMP is vulnerable to network attacks.

Answer option D is incorrect. Open Shortest Path First (OSPF) is a routing protocol that is used in large networks. Internet Engineering Task Force (IETF) designates OSPF as one of the Interior Gateway Protocols.

A host uses OSPF to obtain a change in the routing table and to immediately multicast updated information to all the other hosts in the network.

NEW QUESTION # 334

.....

As the most famous and popular 312-38 exam questions on the market, we have built a strict quality control system. The whole compilation process of the 312-38 study materials is normative. We have proof-readers to check all the contents. Usually, the 312-38 Actual Exam will go through many times' careful proofreading. Please trust us. We always attach great importance to quality of the 312-38 practice braindumps.

What's more, we will free replace other exam dumps for you in case of 312-38 EC-Council Certified Network Defender CND test failure. Our Exam Preparation Material provides you everything you will need to take a certification examination, our Practice Tests 312-38 will provide you with exam questions with verified answers that reflect the 312-38 materials, 312-38 All of that, in addition to the special EC-Council Certified Network Defender CND discounts on EC-Council Certified Network Defender CND 312-38 bundle purchases that are our unique feature!

The shirt is cool looking and futuristic, and Pdf312-38 Dumps it's a great way to track all your physical performance, The Five Faces of the OnDemand Economy Last week Intuit released The Pdf312-38 Dumps Five Faces of the OnDemand Economy, which covers common profiles of ondemand workers.

Actual 312-38 : EC-Council Certified Network Defender CND Exam Dumps Questions Is Easy to Understand - Actual4Dumps

What's more, we will free replace other exam dumps for you in case of 312-38 EC-Council Certified Network Defender CND test failure. Our Exam Preparation Material provides you everything you will need to take a certification examination, our Practice Tests 312-38 will provide you with exam questions with verified answers that reflect the 312-38 materials.

312-38 All of that, in addition to the special EC-Council Certified Network Defender CND discounts on EC-Council Certified Network Defender CND 312-38 bundle purchases that are our unique feature, In a rapidly growing world, it is immensely necessary to tag your potential with the best certifications, such as the 312-38 certification.

Once you have checked our demo, you 312-38 will find the study materials we provide are what you want most.
