

# 2V0-13.25 Braindump Pdf & 2V0-13.25 Real Braindumps

[Pass VMware 2V0-13.25 Exam | Latest 2V0-13.25 Dumps & Practice Exams - Cert007](#)

- C. Improved performance
- D. Enhanced security

**Answer:** B, C, D

**Explanation:**

Firmware and driver updates improve performance, fix bugs, and enhance security in VMware environments.

19. Which Broadcom solutions are most important for optimizing network performance in VMware?

- A. Broadcom 25GbE Ethernet Adapter
- B. Broadcom 10GbE Ethernet Adapter
- C. VMware vSwitch
- D. VMware NSX

**Answer:** A

**Explanation:**

The Broadcom 25GbE Ethernet Adapter is essential for optimizing network performance in VMware.

20. Which Broadcom technologies are vital for improving network connectivity in VMware Cloud Foundation?

- A. Broadcom Ethernet adapters
- B. Broadcom NVMe SSDs
- C. Broadcom Fibre Channel HBAs
- D. Broadcom RAID controllers

**Answer:** A

**Explanation:**

Broadcom Ethernet adapters improve network connectivity in VMware Cloud Foundation.

21. Which troubleshooting steps should be taken when VMware network performance is slow with Broadcom Ethernet adapters?

- A. Check network cable quality
- B. Verify network switch configurations
- C. Check the NIC driver version
- D. Disable network offloading features

**Answer:** A, B, C

**Explanation:**

Checking the NIC driver, switch configurations, and cable quality are essential troubleshooting steps for network performance.

22. Which VMware solutions, combined with Broadcom hardware, are essential for building an efficient storage architecture?

- A. Broadcom NVMe SSD
- B. Broadcom RAID Controller
- C. 25GbE Ethernet Adapter
- D. vSAN

**Answer:** A, B, D

6 / 8

P.S. Free 2026 VMware 2V0-13.25 dumps are available on Google Drive shared by ExamTorrent: [https://drive.google.com/open?id=1-ukPA9hM1A9dPa\\_TP8N1wutlVcFrk4oq](https://drive.google.com/open?id=1-ukPA9hM1A9dPa_TP8N1wutlVcFrk4oq)

With the help of our 2V0-13.25 study guide, you can adjust yourself to the exam speed and stay alert according to the time-keeper that we set on our 2V0-13.25 training materials. Therefore, you can trust on our 2V0-13.25 exam materials for this effective simulation function will eventually improve your efficiency and assist you to succeed in the 2V0-13.25 Exam. And we believe you will pass the 2V0-13.25 exam just like the other people!

2V0-13.25 Preparation materials will be the good helper for your qualification certification. We are concentrating on providing high-quality authorized 2V0-13.25 study guide all over the world so that you can clear exam one time. 2V0-13.25 reliable exam bootcamp materials contain three formats: PDF version, Soft test engine and APP test engine so that our products are enough to satisfy different candidates' habits and cover nearly full questions & answers of the real test.

## 2V0-13.25 Real Braindumps, 2V0-13.25 Valid Exam Tips

Free renewal of our VMware 2V0-13.25 study prep in this respect is undoubtedly a large shining point. Apart from the advantage of free renewal in one year, our VMware 2V0-13.25 Exam Engine offers you constant discounts so that you can save a large amount of money concerning buying our VMware 2V0-13.25 training materials.

## VMware Cloud Foundation 9.0 Architect Sample Questions (Q44-Q49):

### NEW QUESTION # 44

What Broadcom products are recommended for a VMware environment focused on virtual machine scalability?

- A. Broadcom RAID Controller
- B. vSAN
- C. Broadcom NVMe SSD
- D. Broadcom 25GbE Ethernet Adapter

**Answer: A,B,D**

Explanation:

Broadcom RAID Controllers, vSAN, and 25GbE Ethernet Adapters are recommended for virtual machine scalability in VMware environments.

### NEW QUESTION # 45

What actions should be taken to resolve network latency issues in VMware environments using Broadcom adapters?

- A. Check for network congestion
- B. Enable TCP Segmentation Offload (TSO)
- C. Update Broadcom adapter drivers
- D. Check network adapter settings in VMware

**Answer: A,B,C**

Explanation:

Addressing network congestion, updating drivers, and enabling offload features can resolve latency issues.

### NEW QUESTION # 46

Which statement would the architect document as a design decision within the logical design?

- A. The VMware Distributed Resource Scheduler (DRS) latency sensitivity value will be set to high for the workload cluster.
- B. The solution must provide the ability to patch an existing template.
- C. Service Levels will align with the defined Business Impact Analysis findings.
- D. vSphere High Availability (HA) will be enabled.

**Answer: A**

Explanation:

Logical design decisions specify how features are configured to meet conceptual requirements. In VMware Cloud Foundation logical design, tuning VMware Distributed Resource Scheduler (DRS) parameters such as latency sensitivity for workload clusters is explicitly part of logical design because it directly impacts workload performance and cluster behavior. Options A and B are conceptual or operational, and option D is a standard best practice at the physical design layer. VMware documents emphasize that logical design choices define how features (like DRS, HA, and vSAN policies) are implemented.

Reference: VMware Cloud Foundation 9.0 Design Guide - Logical Design Elements.

### NEW QUESTION # 47

What is the default load-balancing policy for NIC teaming in vSphere?

- A. Route based on originating virtual port
- B. Route based on source MAC hash
- C. Route based on IP hash
- D. Use explicit failover order

**Answer: A**

Explanation:

The default load-balancing policy is based on the originating virtual port.

#### NEW QUESTION # 48

An architect is responsible for designing a VMware Cloud Foundation (VCF)-based private cloud. During the design requirements gathering workshop, the following information was captured:

- \* The solution must capture events from all infrastructure components of the VCF fleet.
- \* The solution must provide a single pane of glass management interface for troubleshooting, alerting, and monitoring using metrics, events, and flows.
- \* The solution must meet a 99.9% Service Level Agreement for Availability.

Which three design decisions should the architect make to meet the stated requirements? (Choose three.)

- A. Configure VCF Operations for logs to capture events from only VCF Management components.
- B. Deploy VCF Operations for logs in a Simple model.
- C. Configure VCF Operations for logs to capture events from all VCF infrastructure components.
- **D. Configure the integration for VCF Operations and VCF Automation.**
- **E. Configure the integration for VCF Operations and VCF Operations for logs.**
- **F. Deploy VCF Operations for logs in a High Availability model.**

**Answer: D,E,F**

Explanation:

The VMware Cloud Foundation 9.0.1 Architecture Overview and Operations Integration Guide state that VCF Operations, combined with VCF Operations for Logs, provides a unified monitoring and observability solution across the entire VCF fleet. The documentation specifies:

"Integrating VCF Operations with VCF Operations for Logs and VCF Automation provides a single-pane-of-glass for monitoring metrics, events, and flows across all management and workload domains." Furthermore, the High Availability deployment model for VCF Operations for Logs is required to meet the

99.9% SLA for continuous availability of monitoring data.

"VCF Operations for Logs can be deployed in High Availability mode to ensure log continuity and fault tolerance." Thus, the architect must:

- \* Integrate VCF Operations with both Logs and Automation (B, D) for unified visibility.
- \* Deploy Logs in High Availability (F) mode to achieve the 99.9% availability SLA.

References (VMware Cloud Foundation documents):

- \* VMware Cloud Foundation 9.0.1 Operations Design Guide - "Integrated Operations and Log Monitoring Architecture."
- \* VMware Cloud Foundation 9.0.4 Integration Guide - "VCF Operations and Logs HA Deployment."

#### NEW QUESTION # 49

.....

Whether you are a student or a professional who has already taken part in the work, you must feel the pressure of competition now. However, no matter how fierce the competition is, as long as you have the strength, you can certainly stand out. It's not easy to become better. Our 2V0-13.25 exam questions can give you some help. After using our 2V0-13.25 Study Materials, you can pass the 2V0-13.25 exam faster and you can also prove your strength. Of course, our 2V0-13.25 study materials can bring you more than that. You will have a brighter future with the help of our 2V0-13.25 exam questions.

**2V0-13.25 Real Braindumps:** <https://www.examtorent.com/2V0-13.25-valid-vce-dumps.html>

kiss the days of purchasing multiple 2V0-13.25 Real Braindumps prep tools repeatedly, or renewing 2V0-13.25 Real Braindumps training courses because you ran out of time, The APP online version and the 2V0-13.25 PC test equally enjoy the high population among the candidates, they support the operations on the computers and smartphones in that way every customer can scan the learning materials on the screen without any limits on where he is and what he is doing, he can study the 2V0-13.25 : VMware Cloud Foundation 9.0 Architect practice torrent as long as if he want to, At the same time, you can experience the real 2V0-13.25 exam environment on our 2V0-13.25 study materials, which can help you avoid wrong operations and lessen mistakes.

Before Scrum, I was accustomed to managing 2V0-13.25 Real Braindumps controlling, forcing and owning' my projects, Using the User Accounts Tool, kiss the days of purchasing multiple VCP-VCF Architect prep 2V0-13.25 tools repeatedly, or renewing VCP-VCF Architect training courses because you ran out of time.
