Peoplecert MSP Foundation Exam (5th Edition) 認定 MSP-Foundation 試験問題 (Q11-Q16):

質問 # 11

Which of these is a focus of the 'embed the outcomes' process?

- A. To realize and measure benefits

- B. To maintain an acceptable balance between delivery, transition, realization of benefits, and affordability
- C. To control the work required to manage each tranche of delivery
- D. To identify when the work has been completed as planned

正解: A

解説:

Comprehensive and Detailed Explanation From Exact Extract:

The "Embed the Outcomes" process focuses on supporting the adoption of new capabilities into business operations and initiating the realization and measurement of benefits.

MSP Foundation, 5th Edition explains:

"The purpose of this process is to ensure that the investing organization(s) make the required changes to adopt new ways of working and realize benefits." Hence, D is the correct answer.

-

質問 # 12

Which BEST describes a programme?

- A. A programme's governance should be permanent and continue as part of business as usual
- B. A programme should specify a linear project lifecycle for its constituent projects
- C. A programme should consist of inter-related projects instead of process-related work
- D. A programme should respond to changes and new insights that emerge in its environment

正解: D

質問 # 13

Which is a main function of the 'deliver the capabilities' process?

- A. Supporting stakeholders in the business to adopt the capabilities into new ways of working
- B. Controlling the work required to manage each tranche of delivery
- C. Understanding how the outcomes will be achieved through delivery projects and other work
- D. Confirming the information in the programme mandate

正解: C

解説:

Comprehensive and Detailed Explanation From Exact Extract:

The purpose of the "Deliver the Capabilities" process is to manage and coordinate the delivery of outputs from projects and other work that collectively contribute to desired outcomes.

According to MSP Foundation, 5th Edition:

"This process is responsible for overseeing the delivery of the programme's defined capabilities-how outcomes will be achieved through related delivery projects and enabling activities." Hence, A is the correct answer.

質問 # 14

Which activity occurs during the 'design the outcomes' process?

- A. The programme mandate is developed into a coherent programme brief
- B. A plan is developed to ensure that capability is delivered at an appropriate pace
- C. A plan is designed of how the outcomes will be achieved through delivery of projects
- D. Each individual benefit is described in a detailed benefits profile

正解: C

解説:

Comprehensive and Detailed Explanation From Exact Extract:

The "Design the Outcomes" process focuses on creating a vision and target operating model that describes how the outcomes and benefits will be achieved. It includes designing a coherent plan for delivering these outcomes through various projects and enabling activities.
