

# ITFAS-Level-1 Original Questions: Inspection and Testing of Fire Alarm Systems Level I Exam & ITFAS-Level-1 Answers Real Questions & ITFAS-Level-1 Exam Cram

2025 Latest ActualPDF ITFAS-Level-1 PDF Dumps and ITFAS-Level-1 Exam Engine Free Share:  
<https://drive.google.com/open?id=1-eBahjtqFodYrTl8Fmxc9TmHGxRqE0AS>

ActualPDF's training materials can test your knowledge in preparing for the exam, and can evaluate your performance within a fixed time. The instructions given to you for your weak link, so that you can prepare for the exam better. The ActualPDF's NICET ITFAS-Level-1 Exam Training materials introduce you many themes that have different logic. So that you can learn the various technologies and subjects. We guarantee that our training materials has tested through the practice. ActualPDF have done enough to prepare for your exam. Our material is comprehensive, and the price is reasonable.

It is inevitable that people would feel nervous when the ITFAS-Level-1 exam is approaching, but the main cause of the tension is most lies with lacking of self-confidence. Our Software version of ITFAS-Level-1 exam questions provided by us can help every candidate to get familiar with the Real ITFAS-Level-1 Exam, which is meaningful for you to take away the pressure and to build confidence in the approach. If you have had the confidence in yourself so that you have won the first step on the road to success.

## NICET Trustable ITFAS-Level-1 Reliable Test Voucher – Pass ITFAS-Level-1 First Attempt

We update our NICET ITFAS-Level-1 exam dumps over time and mark the changes online. Enroll in the NICET ITFAS-Level-1 exam dumps and start your preparation with NICET ITFAS-Level-1 practice questions. We will provide you with the information covered in the current test and incorporate materials that originate from NICET ITFAS-Level-1 Exam Dumps. You will get a handful of knowledge about topics that will benefit your professional career.

## NICET Inspection and Testing of Fire Alarm Systems Level I Exam Sample Questions (Q72-Q77):

### NEW QUESTION # 72

What is the testing frequency of a remote annunciator?

- A. Annually
- B. Semiannually
- C. Quarterly
- D. Monthly

**Answer: A**

Explanation:

Remote annunciators provide fire alarm system status at secondary locations. NFPA 72 mandates annual functional testing of these devices to ensure they correctly display and sound appropriate signals.

NFPA 72 (2022), Table 14.4.3.2 - Testing Methods and Frequencies:

Category: Annunciators (remote)

Frequency: Annually

Test Method: "Verify correct visual/audible indication of alarm, supervisory, and trouble signals." Technicians must activate actual alarm, supervisory, and trouble signals and confirm they display correctly at the remote annunciator.

Correct answer: D. Annually

### NEW QUESTION # 73

After successful completion of an inspection, who shall be responsible for maintaining the permanent records?

- A. Alarm contractor
- B. Fire marshal
- C. Owner
- D. AHJ

**Answer: C**

Explanation:

NFPA 72 assigns the responsibility for maintaining inspection and testing records to the owner or their designated representative. This ensures records are available when needed by the AHJ or for future inspections.

NFPA 72 (2022), Section 14.6.1:

"The property or building owner or the owner's designated representative shall be responsible for the inspection, testing, and maintenance of the system and for maintaining the records." This responsibility cannot be offloaded to the contractor or fire marshal unless formally designated by the owner.

Correct answer: D. Owner

### NEW QUESTION # 74

In a Class B initiating circuit, wires should be monitored for integrity by having a supervisory device connected to which of the following?

- A. Beginning of the loop
- B. The last detector
- C. Anywhere on the loop
- D. The first detector

**Answer: B**

Explanation:

In a Class B circuit, supervision of wiring integrity is accomplished using an End-of-Line Resistor (EOLR) at the last device in the circuit. This allows the control unit to detect open faults.

NFPA 72 (2022), Section 12.3.4.1:

"Initiating device circuits shall be monitored for integrity by placing an end-of-line device at the last device on the circuit." If the wiring is cut or disconnected before the last device, the panel detects it as a trouble condition.

Correct answer: D. The last detector

### NEW QUESTION # 75

Which of the following situations is considered an impairment?

- A. Smoke detector within 4 feet of a return air opening
- B. Closed sprinkler valve
- C. Smoke detector within 4 feet of an air supply diffuser
- D. Intelligible audibility

**Answer: B**

Explanation:

An impairment occurs when part of the life safety system is disabled or rendered ineffective. A closed sprinkler valve directly disables part of the fire suppression system, which meets the definition of an impairment.

NFPA 72 (2022), Section 3.3.149 - Impairment:

"A condition where a fire protection or life safety system or portion thereof is out of service." Smoke detector placement issues may be a code violation but not a system impairment. Intelligible audibility is a positive attribute, not a problem.

Correct answer: A. Closed sprinkler valve

#### NEW QUESTION # 76

What is the adjustment range for smoke detectors that have a provision for field adjustment of sensitivity?

- A. No more than 0.6% per foot (1.95% per meter)
- **B. No less than 0.6% per foot (1.95% per meter)**
- C. No more than 1.2% per foot (3.90% per meter)
- D. No less than 1.2% per foot (3.90% per meter)

**Answer: B**

Explanation:

For smoke detectors that allow field sensitivity adjustment, NFPA 72 provides a minimum allowable sensitivity range to ensure the detector still provides proper protection.

NFPA 72 (2022), Section 17.7.3.2.1.1.3:

"If a detector has a field-adjustable sensitivity, the range shall be not less than 0.6 percent/foot obscuration (1.95 percent/m)." This means the minimum range must include 0.6%/ft- detectors can be more sensitive, but not less.

Correct answer: A. No less than 0.6% per foot (1.95% per meter)

#### NEW QUESTION # 77

.....

You just need to get ActualPDF's NICET Certification ITFAS-Level-1 Exam exercises and answers to do simulation test, you can pass the NICET certification ITFAS-Level-1 exam successfully. If you have a NICET ITFAS-Level-1 the authentication certificate, your professional level will be higher than many people, and you can get a good opportunity of promoting job. Add ActualPDF's products to cart right now! ActualPDF can provide you with 24 hours online customer service.
