NEW QUESTION # 53

In which application can you see the available business context capacity remaining for extension items?

- A. Extensibility Explorer app
- B. Custom Reusable Elements app
- **C. Extensibility Cockpit app**
- D. Extensibility Inventory app

Answer: C

Explanation:

The Extensibility Cockpit app within SAP S/4HANA Cloud Public Edition is a central tool for managing and monitoring the extensibility aspects of the system. It provides an overview of the extension items created, including custom fields, custom business objects, and other extension elements. Importantly, it also shows the available business context capacity remaining for these extension items, which is crucial for ensuring that the system's extensibility is managed within the provided limits. This helps in planning and managing customizations effectively, ensuring that the system remains scalable and performant.
