### NEW QUESTION # 48

The administrator at Cloud Kicks has been asked to delete a large number of quote line items. They receive a .csv file with the record IDs to be deleted. What is the reason for the error?

- A. Deleting with Data Loader can only be done in Batch API mode.
- B. One of the IDs in the batch referenced a record that was in the recycle bin.
- C. This is the standard error message when records are deleted using Bulk API.
- D. The batch size selected was greater than the 200 record limit.

**Answer: B**
