

Pass Guaranteed 2026 CMMC-CCP: The Best Certified CMMC Professional (CCP) Exam Dumps

CMMC-CCP

nonfederal systems that process, store, or transmit CUI, or that provide protection for the system components.

Correct Answer: B

QUESTION: 4

What type of information is NOT intended for public release and is provided by or generated for the government under a contract to develop or deliver a product or service to the government, but not including information provided by the government to the public (such as on public websites) or simple transactional information, such as necessary to process payments?

Option A : CDI
Option B : CTI
Option C : CUI
Option D : FCI

Correct Answer: D

QUESTION: 5

A CMMC Assessment is being conducted at an OSC's HQ, which is a shared workspace in a multi-tenant building. The OSC is renting four offices on the first floor that can be locked individually. The first-floor conference room is shared with other tenants but has been reserved to conduct the assessment. The conference room has a desk with a drawer that does not lock. At the end of the day, an evidence file that had been sent by email is reviewed. What is the BEST way to handle this file?

Option A : Review it, print it, and put it in the desk drawer.
Option B : Review it, and make notes on the computer provided by the client.
Option C : Review it, print it, make notes, and then shred it in cross-cut shredder in the print room.
Option D : Review it, print it, and leave it in a folder on the table together with the other documents.

Correct Answer: C

QUESTION: 6

Ethics is a shared responsibility between:

To pass the Certified CMMC Professional (CCP) Exam (CMMC-CCP) test, you need to get updated Cyber AB CMMC-CCP dumps. These CMMC-CCP questions are necessary to study for the test and pass it on the first try. Updated CMMC-CCP Practice Questions are essential prepare successfully for the Certified CMMC Professional (CCP) Exam certification exam. But gaining access to updated CMMC-CCP questions is challenging for the candidates.

Cyber AB CMMC-CCP Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> • CMMC Model Construct and Implementation Evaluation: This section of the exam measures the evaluative skills of cybersecurity assessors, focusing on the application and assessment of the CMMC model. It includes understanding its levels, domains, practices, and implementation criteria, and how to assess whether organizations meet the required cybersecurity practices using evidence-based evaluation.
Topic 2	<ul style="list-style-type: none"> • Scoping: This section of the exam measures the analytical skills of cybersecurity practitioners, highlighting their ability to properly define assessment scope. Candidates must demonstrate knowledge of identifying and classifying Controlled Unclassified Information (CUI) assets, recognizing the difference between in-scope, out-of-scope, and specialized assets, and applying logical and physical separation techniques to determine accurate scoping for assessments
Topic 3	<ul style="list-style-type: none"> • CMMC-AB Code of Professional Conduct (Ethics): This section of the exam measures the integrity of cybersecurity professionals by evaluating their understanding of the CMMC-AB Code of Professional Conduct. It emphasizes ethical responsibilities, including confidentiality, objectivity, professionalism, conflict-of-interest avoidance, and respect for intellectual property, ensuring candidates can uphold ethical standards throughout their CMMC-related duties.

Act quickly, to click the website of RealVCE, come true you IT dream early.

Cyber AB Certified CMMC Professional (CCP) Exam Sample Questions (Q44-Q49):

NEW QUESTION # 44

An organization that manufactures night vision cameras is looking for help to address the gaps identified in physical access control systems. Which certified individual should they approach for implementation support?

- A. Practitioner of the organization performing the assessment LTP
- B. CCA of the C3PAO performing the assessment
- C. DoD Contract Official of the organization performing the assessment
- D. RP of an organization not part of the assessment

Answer: D

Explanation:

An organization seeking help to address security gaps-such as physical access control deficiencies-needs a certified professional who can provide implementation support without being involved in the actual CMMC assessment.

Role of a Registered Practitioner (RP)

A Registered Practitioner (RP) is a CMMC-certified individual who provides consulting and implementation support to organizations but does not perform assessments.

RPs work independently from C3PAOs and can assist in fixing gaps in security controls before or after an assessment.

Since RPs are not assessors, they can provide direct remediation support without any conflict of interest.

Why "B. RP of an Organization Not Part of the Assessment" is Correct?

The OSC needs assistance in implementing security controls (not assessment).

An RP is trained and authorized to provide remediation and advisory services.

Conflict of interest rules prevent the assessing C3PAO from providing implementation support.

Why Other Answers Are Incorrect?

A). CCA of the C3PAO performing the assessment (Incorrect)

A Certified CMMC Assessor (CCA) is responsible for conducting the assessment only.

The C3PAO performing the assessment cannot also provide remediation due to a conflict of interest.

C). Practitioner of the Organization Performing the Assessment LTP (Incorrect) The assessment Lead Technical Practitioner (LTP) cannot provide remediation support for an OSC they are assessing.

D). DoD Contract Official of the Organization Performing the Assessment (Incorrect) DoD Contract Official oversee contract compliance but do not provide cybersecurity implementation support.

Conclusion

The correct answer is B. RP of an organization not part of the assessment, as only independent RPs can assist with remediation and implementation support.

NEW QUESTION # 45

Which regulation allows for whistleblowers to sue on behalf of the federal government?

- A. NISTSP 800-53
- B. NISTSP 800-171
- C. Code of Professional Conduct
- **D. False Claims Act**

Answer: D

NEW QUESTION # 46

What type of information is NOT intended for public release and is provided by or generated for the government under a contract to develop or deliver a product or service to the government, but not including information provided by the government to the public (such as on public websites) or simple transactional information, such as necessary to process payments?

- A. CTI
- B. CDI
- C. CUI
- **D. FCI**

Answer: D

NEW QUESTION # 47

The Lead Assessor interviews a network security specialist of an OSC. The incident monitoring report for the month shows that no security incidents were reported from OSC's external SOC service provider. This is provided as evidence for RA.L2-3.11.2: Scan for vulnerabilities in organizational systems and applications periodically and when new vulnerabilities affecting those systems and applications are identified. Based on this information, the Lead Assessor should conclude that the evidence is:

- A. adequate because no security incidents were reported.
- **B. inadequate because it is irrelevant to the practice.**
- C. adequate because it fits well for expected artifacts.
- D. inadequate because the OSC's service provider should be interviewed.

Answer: B

NEW QUESTION # 48

An OSC receives an email with "CUI//SP-PRVCY//FED Only" in the body of the message. Which organization's website should the OSC go to identify what this marking means?

- A. DoD Contractors FAQ page
- **B. NARA**
- C. CMMC-AB

- D. DoD 239.7601 Definitions page

Answer: B

NEW QUESTION # 49
