Cyber AB CMMC-CCP Detailed Study Dumps, Valid Test CMMC-CCP Fee

BTW, DOWNLOAD part of ExamcollectionPass CMMC-CCP dumps from Cloud Storage: https://drive.google.com/open?id=15tbZVzMM2jzoGDQjgFlxbXt8EGdJnxai

You can choose the number of Certified CMMC Professional (CCP) Exam (CMMC-CCP) questions and time frame of the CMMC-CCP Desktop practice exam software as per your learning needs. Performance reports of Cyber AB CMMC-CCP Practice Test will be useful for tracking your progress and identifying areas for further study.

Cyber AB CMMC-CCP Exam Syllabus Topics:

Topic	Details
Topic 1	• CMMC Model Construct and Implementation Evaluation: This section of the exam measures the evaluative skills of cybersecurity assessors, focusing on the application and assessment of the CMMC model. It includes understanding its levels, domains, practices, and implementation criteria, and how to assess whether organizations meet the required cybersecurity practices using evidence-based evaluation.
Topic 2	• CMMC Governance and Source Documents: This section of the exam measures the capabilities of legal or compliance advisors, covering key regulatory frameworks that govern cybersecurity compliance. Topics include Federal Contract Information, Controlled Unclassified Information, the role of NIST SP 800-171, DFARS, FAR, and the structure and requirements of CMMC v2.0, including self-assessments and certification levels.
Topic 3	• Scoping: This section of the exam measures the analytical skills of cybersecurity practitioners, highlighting their ability to properly define assessment scope. Candidates must demonstrate knowledge of identifying and classifying Controlled Unclassified Information (CUI) assets, recognizing the difference between in-scope, out-of-scope, and specialized assets, and applying logical and physical separation techniques to determine accurate scoping for assessments

Valid Test CMMC-CCP Fee - CMMC-CCP Interactive EBook

It is time for you to plan your life carefully. After all, you have to make money by yourself. If you want to find a desirable job, you must rely on your ability to get the job. Now, our CMMC-CCP study materials will help you master the popular skills in the office. Believe it or not, our CMMC-CCP Study Materials will relieve you from poverty. It is important to make large amounts of money in modern society.

Cyber AB Certified CMMC Professional (CCP) Exam Sample Questions (Q36-Q41):

NEW QUESTION # 36
Which standard and regulation requirements are the CMMC Model 2.0 based on?

- A. DFARS, FIPS 100,and NIST SP 800-171
- B. NIST SP 800-171 and NIST SP 800-172
- C. DFARS, NIST, and Carnegie Mellon University
- D. DFARS, FIPS 100, NIST SP 800-171,and Carnegie Mellon University

Answer: B

NEW QUESTION # 37
During a Level 2 Assessment, an OSC provides documentation that attests that they utilize multifactor authentication on nonlocal remote maintenance sessions. The OSC feels that they have met the controls for the Level 2 certification. What additional measures should the OSC perform to fully meet the maintenance requirement?

- A. The nonlocal maintenance personnel complain that restrictions slow down their response time and should be removed.
- B. The maintenance policy states multifactor authentication must have at least two factors applied for nonlocal maintenance sessions.
- C. Connections for nonlocal maintenance sessions should be terminated when maintenance is complete.
- D. Connections for nonlocal maintenance sessions should be unlimited to ensure maintenance is performed properly

Answer: C

Explanation:
UnderCMMC 2.0 Level 2, which aligns with the requirements ofNIST SP 800-171, maintaining robust control overnonlocal maintenance sessionsis critical. While multifactor authentication (MFA) is a required safeguard for secure access, additional measures must be implemented to fully meet the maintenance requirements as outlined inControl 3.3.5:
Key Requirements for Nonlocal Maintenance:
Termination of Nonlocal Maintenance Sessions:
To reduce the attack surface and prevent unauthorized access, nonlocal maintenance connectionsmust be terminated immediately after the maintenance activity is completed. This is a direct requirement to mitigate risks associated with lingering remote sessions that could be exploited by threat actors.
Supporting Reference:NIST SP 800-171, Control 3.3.5 states: "Ensure that remote maintenance is conducted in a controlled manner and disable connections immediately after use." Multifactor Authentication (MFA):
OSCs are required to implement MFA for nonlocal remote maintenance sessions. MFA must includeat least two factors(e.g., something you know, something you have, or something you are).
While the OSC's use of MFA satisfies part of the requirement, it does not complete the control unless proper termination procedures are in place.
Policy and Procedure Adherence:
The OSC must also document amaintenance policyand ensure it reflects the need for terminating connections post-maintenance. The policy should outline roles, responsibilities, and steps for ensuring secure nonlocal maintenance practices.
Incorrect Options:
B). Unlimited connections:Allowing unrestricted nonlocal maintenance sessions is a significant security risk and violates the principle of least privilege.
C). Removing restrictions:Removing restrictions for convenience directly undermines compliance and security.
D). Multifactor authentication details:While MFA is necessary, the question states the OSC already uses it.

Termination of sessions is the missing requirement.
Conclusion:
The requirement toterminate nonlocal maintenance sessions after maintenance is complete(Option A) is critical for compliance withCMMC 2.0 Level 2andNIST SP 800-171, Control 3.3.5. This ensures that nonlocal maintenance activities are secured against unauthorized access and potential vulnerabilities.

NEW QUESTION # 38
Ethics is a shared responsibility between:

- A. members of the CMMC Ecosystem and Lead Assessors.
- B. OSC and sponsors.
- C. CMMC-AB and members of the CMMC Ecosystem.
- D. DoD and CMMC-AB.

Answer: C

Explanation:
Understanding Ethical Responsibility in the CMMC EcosystemEthics in theCMMC ecosystemis ashared responsibilitybetween theCMMC Accreditation Body (CMMC-AB)and itsmembers. TheCMMC-AB Code of Professional Conductoutlines ethical obligations forassessors, consultants, and other ecosystem participantsto ensure integrity, fairness, and professionalism.
* CMMC-AB ensures the accreditation process remains fair, unbiased, and ethical.
* CMMC ecosystem members (assessors, consultants, and organizations) are responsible for upholding ethical practices in assessments and implementations.
* Ethical violations can result indisciplinary actions, revocation of certification, or legal consequences.
Key Ethical Responsibilities Include:
* A. DoD and CMMC-AB # Incorrect
* TheDoD oversees CMMC implementation, butit is not responsible for the ethical conduct of CMMC assessments.
* B. OSC and Sponsors # Incorrect
* TheOrganization Seeking Certification (OSC)is responsible for compliance but doesnot oversee ethics in the CMMC ecosystem.
* C. CMMC-AB and Members of the CMMC Ecosystem # Correct
* Ethics is explicitly stated as ajoint responsibility of the CMMC-AB and its ecosystem membersin official CMMC guidance.
* D. Members of the CMMC Ecosystem and Lead Assessors # Incorrect
* Lead Assessors are part of theCMMC ecosystem, butCMMC-AB is the governing body responsible for ethical oversight.
Why is the Correct Answer "CMMC-AB and Members of the CMMC Ecosystem" (C)?
* CMMC-AB Code of Professional Conduct
* Defines ethical responsibilities forassessors, consultants, and ecosystem members.
* CMMC Ecosystem Governance Policies
* Ethics isjointly managed by CMMC-AB and its accredited ecosystem members.
* CMMC Assessment Process (CAP) Document
* Outlines ethical expectations forassessors and consultantsduring certification assessments.
CMMC 2.0 References Supporting this answer:

NEW QUESTION # 39
Two assessors cannot agree if a certain practice should be rated as MET or NOT MET. Who should they consult to determine the final interpretation?

- A. Quality Assurance Assessor
- B. CMMC-AB
- C. Lead Assessor
- D. C3PAO

Answer: C

Explanation:
The Lead Assessor has the authority to make the final determination in situations where assessors cannot agree on a rating. CAP specifies that the Lead Assessor ensures consistency, resolves disputes, and provides the authoritative interpretation during the assessment process. Escalation to the CMMC-AB or Quality Assurance would only occur in rare post-assessment review cases, not during an active assessment.
Reference Documents:

* CMMC Assessment Process (CAP), v1.0

NEW QUESTION # 40
What is the LAST step when developing an assessment plan for an OSC?

- A. Verify the readiness to conduct the assessment.
- B. Update the assessment plan and schedule as needed
- C. Perform certification assessment readiness review.
- D. Obtain and record commitment to the assessment plan.

Answer: D

Explanation:
Last Step in Developing an Assessment Plan for an OSCDeveloping anassessment planinvolves:
* Defining the assessment scope(e.g., systems, networks, locations).
* Planning test activities(e.g., interviews, evidence review, technical testing).
* Verifying the OSC's readiness(e.g., ensuring required documents are available).
* Updating the assessment plan and schedule as needed.
* Final Step: Obtaining and recording the OSC's commitment to the assessment plan.
Why is obtaining commitment the last step?#Theassessment cannot proceed unless the OSC agrees to the finalized plan.
#This ensuresOSC leadership understands the scope, timeline, and responsibilities.
#TheC3PAO must document this commitmentto formalize the agreement.
* A. Verify the readiness to conduct the assessment # Incorrect
* Readiness verification happens earlierin the planning process, not as the last step.
* B. Perform certification assessment readiness review # Incorrect
* Areadiness review is conducted before finalizing the plan, not at the very end.
* C. Update the assessment plan and schedule as needed # Incorrect
* Updating the plan happens before commitment is obtained; it is not the final step.
* D. Obtain and record commitment to the assessment plan # Correct
* This is the final step before conducting the assessment. The OSC must formally agree to the plan.
Why is the Correct Answer "D. Obtain and record commitment to the assessment plan"?
* CMMC Assessment Process (CAP) Document
* States that theOSC must confirmagreement to the assessment planbefore execution.
* CMMC-AB Guidelines for C3PAOs
* Specifies thatfinalizing the assessment plan requires documented commitment from the OSC.
* CMMC Assessment Guide
* Outlines thatassessments cannot begin without formal approval of the plan.
CMMC 2.0 References Supporting This Answer:
Final Answer:#D. Obtain and record commitment to the assessment plan.

NEW QUESTION # 41
......

We all know that Certified CMMC Professional (CCP) Exam (CMMC-CCP) exam dumps are an important section of the Certified CMMC Professional (CCP) Exam (CMMC-CCP) exam that is purely based on your skills, expertise, and knowledge. So, we must find quality CMMC-CCP Questions drafted by industry experts who have complete knowledge regarding the Certified CMMC Professional (CCP) Exam (CMMC-CCP) certification exam and can share the same with those who want to clear the CMMC-CCP exam. The best approach to finding Certified CMMC Professional (CCP) Exam (CMMC-CCP) exam dumps is to check the ExamcollectionPass that is offering the Certified CMMC Professional (CCP) Exam (CMMC-CCP) practice questions.
