NEW QUESTION # 13
Which is a purpose of a quality register?

- A. To record the date a completed work package was received
- B. To capture quality concerns about completed products
- C. To record cross-references to issues relating to the quality of the products
- D. To provide the status of quality activities carried out for completed products

Answer: D

Explanation:
The purpose of a Quality Register in PRINCE2 is to provide a detailed record of all quality activities that are planned and carried out over the course of the project. It includes information such as who will perform the quality check, what standards must be met, and the status and outcome of these quality activities. This ensures that each product meets its defined quality criteria before being deemed complete. References: = PRINCE2 7 Foundation handbook and online resources
