Insurance Licensing Oklahoma Life, Accident, and Health or Sickness Producer Exam Sample Questions (Q58-Q63):

NEW QUESTION # 58

On an individual insurance application, which of the following signatures is NOT required?

- A. Insured if different from the applicant.
- B. Applicant.
- C. The producer.
- D. The insurer.

Answer: D

Explanation:

An individual insurance application typically requires signatures from the applicant (the person applying for the policy), the insured (if different from the applicant, e.g., a parent applying for a child), and the producer (to certify the information provided). The insurer does not sign the application, as their acceptance is indicated by issuing the policy, per Oklahoma's insurance application processes (Title 36 O.S. § 1435.2).

* Option A: Incorrect. The applicant's signature is required to confirm the application details.

* Option B: Incorrect. The insured's signature is required if they are not the applicant.

* Option C: Incorrect. The producer's signature is required to verify the application process.

* Option D: Correct. The insurer's signature is not required on the application.

This question falls under the Prometric content outline section on "Underwriting," which covers application requirements.

NEW QUESTION # 59

Which of the following is an ADVANTAGE to the policyowner of the recurrent periods of disability provision in the disability income policy?

- A. It improves the insurability of the applicant.
- B. It reduces the annual premium amount.
- C. It protects the insured from multiple elimination periods.
- D. It reduces the actual period of disability.

Answer: C

Explanation:

The recurrent periods of disability provision in a disability income policy allows related or recurring disabilities within a specified timeframe (e.g., 6 months) to be treated as a single disability period. This protects the insured from serving multiple elimination periods (the waiting period before benefits begin), ensuring faster benefit payments for recurrent conditions, as per standard disability policy provisions in Oklahoma (Title 36 O.S. § 4405).

* Option A: Incorrect. The provision does not reduce premiums; it affects benefit timing.

* Option B: Correct. It protects the insured from multiple elimination periods for recurrent disabilities.

* Option C: Incorrect. The provision does not impact insurability; it's a policy feature.

* Option D: Incorrect. It does not reduce the disability period; it simplifies benefit access.

NEW QUESTION # 60

Which of the following is NOT a settlement option for life or annuity policies?

- A. Fixed period.
- B. Asset withdrawal
- C. Pure life income.
- D. Life income with period certain.

Answer: B

Explanation:

Settlement options for life insurance or annuity policies determine how proceeds are paid to beneficiaries or annuitants. Common options include fixed period (payments over a set time), pure life income (payments for the annuitant's lifetime), and life income with period certain (payments for life with a guaranteed minimum period), as outlined in Oklahoma's regulations (Title 36 O.S. § 4001 et seq.). Asset withdrawal is not a standard settlement option; it may refer to accessing funds but not a formal payout method.

* Option A: Incorrect. Fixed period is a standard settlement option.

* Option B: Incorrect. Pure life income is a standard settlement option.

* Option C: Correct. Asset withdrawal is not a recognized settlement option.

* Option D: Incorrect. Life income with period certain is a standard settlement option.

NEW QUESTION # 61

A common disaster provision states that if the beneficiary dies from the same accident as the insured individual, the insurer will proceed as if the

- A. beneficiary outlived the insured individual.
- B. beneficiary and the insured individual died simultaneously.
- C. insured individual outlived the beneficiary.
- D. beneficiary was never named on the policy.

Answer: A

Explanation:

The common disaster provision in a life insurance policy addresses situations where the insured and primary beneficiary die in the same accident. It typically includes a survivorship clause, presuming the beneficiary outlived the insured for a specified period (e.g., 14-30 days) unless proven otherwise. This ensures the death benefit passes to the beneficiary's estate or contingent beneficiaries, as outlined in Oklahoma's life insurance provisions (Title 36 O.S. § 4001 et seq.).

* Option A: Incorrect. The provision does not assume the insured outlived the beneficiary.

* Option B: Correct. The insurer proceeds as if the beneficiary outlived the insured.

* Option C: Incorrect. Simultaneous death is addressed differently under the Uniform Simultaneous Death Act, not the common disaster provision.

* Option D: Incorrect. The provision does not treat the beneficiary as unnamed.

NEW QUESTION # 62

The change of beneficiary provision states that the insured has the right to change the beneficiary unless the beneficiary is

- A. deceased.
- B. power of attorney.
- C. uninsurable.
- D. **irrevocable.**

Answer: D

Explanation:

The change of beneficiary provision allows the policyowner (often the insured) to change the beneficiary at any time unless the beneficiary is designated as irrevocable. An irrevocable beneficiary cannot be changed without their consent, as specified in Oklahoma's life insurance regulations (Title 36 O.S. § 4001 et seq.).

* Option A: Incorrect. Insurability of the beneficiary does not affect the right to change them

* Option B: Correct. An irrevocable beneficiary cannot be changed without their consent.

* Option C: Incorrect. Power of attorney affects legal authority, not beneficiary changes.

* Option D: Incorrect. A deceased beneficiary can be replaced without restriction.
