P.S. Free 2026 Cisco 400-007 dumps are available on Google Drive shared by PassCollection: https://drive.google.com/open?id=1cmbAVuGufA05IPAMXmU4r0oTCT_GTntM

You can trust PassCollection and download 400-007 exam questions to start preparation with complete peace of mind and satisfaction. The 400-007 exam questions have already helped countless Cisco 400-007 exam candidates. They got success in their dream 400-007 Certification Exam with flying colors. They did this with the help of real, valid, and updated 400-007 exam questions. You can also get success in the Cisco Certified Design Expert (CCDE v3.0) Written Exam certification exam with 400-007 exam questions.

Our 400-007 study questions are suitable for a variety of levels of users, no matter you are in a kind of cultural level, even if you only have high cultural level, you can find in our 400-007 training materials suitable for their own learning methods. So, for every user of our 400-007 Study Materials are a great opportunity, a variety of types to choose from, more and more students also choose our 400-007 test guide, then why are you hesitating? Just choose our Cisco Certified Design Expert (CCDE v3.0) Written Exam study questions!

>> 400-007 New Dumps Sheet <<

Reliable 400-007 New Dumps Sheet offer you accurate Pass Test | Cisco Cisco Certified Design Expert (CCDE v3.0) Written Exam

These Cisco 400-007 exam questions have a high chance of coming in the actual 400-007 test. You have to memorize these 400-007 questions and you will pass the Cisco 400-007 test with brilliant results. The price of Cisco 400-007 updated exam dumps is affordable.

Cisco Certified Design Expert (CCDE v3.0) Written Exam Sample Questions (Q213-Q218):

NEW QUESTION # 213

Company XYZ allows employees to use any open desk and plug their laptops in. They want authentication using domain credentials and future capability for segmentation within the same subnet. Which protocol can be recommended?

- A. LDAP
- B. RADIUS
- C. TACACS+
- D. EAP

Answer: D

Explanation:

* B (EAP - Extensible Authentication Protocol):EAP is commonly used for 802.1X port-based authentication, allowing identity-based control for users on the network. This enables policy enforcement, identity-based segmentation (micro/macro segmentation), and leverages existing domain credentials via backend integration.

Other options explained:

- * A: LDAP is backend directory, not an authentication protocol for access ports.
- * C: TACACS+ is used primarily for administrative access.
- * D: RADIUS transports the EAP exchange but is not the authentication protocol itself.

NEW QUESTION # 214

Refer to the exhibit.

ACME Mining has four data centers in Santiago, Cape Town, Mumbai, and Beijing, full-mesh connected via a 400 Mb/s EVP-LAN. They want to deploy a new mission-critical application with these requirements:

- * cluster heartbeat 2 Mb/s continuous (250 KB/s)
- * cluster heartbeat one-way maximum latency 100 ms

These are the current ping tests results between the four data centers:

	Santiago	Cape Town	Mumbai	Beijing
Santiago	-	280 ms	378 ms	409 ms
Cape Town	280 ms	-	185 ms	445 ms
Mumbai	383 ms	176 ms	-	443 ms
Beijing	430 ms	448 ms	442 ms	-

Which hosting data center pair can host the new application?

- A. Santiago and Cape Town
- B. Cape Town and Beijing
- C. Mumbai and Beijing
- D. Santiago and Mumbai
- E. Cape Town and Mumbai

- F. Santiago and Beijing

Answer: E

NEW QUESTION # 215

Company XYZ needs advice in redesigning their legacy Layer 2 infrastructure. Which technology should be included in the design to minimize or avoid convergence delays due to STP or FHRP and provide a loop-free topology?

- A. Use switch clustering in the core/distribution layer.
- B. Use switch clustering in the access layer.
- C. Use spanning-tree PortFast.
- D. Use BFD.

Answer: A

NEW QUESTION # 216

Agile and Waterfall are two popular methods for organizing projects. What describes any Agile network design development process?

- A. Contract negotiation over customer collaboration
- B. Processes and tools over individuals and interactions over time
- C. Working design over comprehensive documentation
- D. Following a plan over responding to change

Answer: C

Explanation:

* A (Working design over documentation): Agile prioritizes functional working solutions over exhaustive documentation, allowing continuous delivery and adaptability during the project lifecycle.

Other options explained:

- * B: Agile favors customer collaboration over contract negotiation.
- * C: Agile favors responding to change over rigid planning.
- * D: Agile favors individuals and interactions over processes and tools.

NEW QUESTION # 217

A customer is migrating from a traditional Layer 2 data center to a VXLAN spine-leaf SDN architecture.

Applications cannot be readdressed, and migration must occur incrementally. How should the legacy and new networks be connected?

- A. via a Layer 2 trunk and Layer 3 routed links to border leaf switches
- B. via a Layer 2 trunk and Layer 3 routed links to spine switches
- C. via Layer 3 links to border leaf switches
- D. via a Layer 2 trunk to border leaf switches

Answer: D

Explanation:

#Explanation:

* D: A Layer 2 trunk to the border leaf allows seamless VLAN extension between the legacy Layer 2 domain and the VXLAN-based fabric. This supports application migration without readdressing.

Border leaf switches are used to bridge the traditional and VXLAN segments while maintaining MAC learning and VLAN consistency.

Incorrect Options:

- * A & B: Layer 3 links alone would require readdressing or routing, violating the constraint.
- * C: Spine switches typically do not handle VLAN bridging or policy enforcement directly.

NEW QUESTION # 218

Our 400-007 training quiz is provided by PDF, Software/PC, and App/Online, which allows you to choose a suitable way to study anytime and anywhere. The PDF versions of 400-007 study materials can be printed into a paper file, more convenient to read and take notes. You can also try the simulated exam environment with 400-007 software on PC. Anyway, you can practice the key knowledge repeatedly with our 400-007 test prep, and at the same time, you can consolidate your weaknesses more specifically.
