Learning is just a part of our life. We do not hope that you spend all your time on learning the NIOS-DDI-Expert certification materials. Life needs balance, and productivity gives us a sense of accomplishment and value. So our NIOS-DDI-Expert real exam dumps have simplified your study and alleviated your pressure from study. It is our goal that you study for a short time but can study efficiently. At present, thousands of candidates have successfully passed the NIOS-DDI-Expert Exam with less time input. In fact, there is no point in wasting much time on invalid input. As old saying goes, all work and no play makes jack a dull boy. Our NIOS-DDI-Expert certification materials really deserve your choice. Contact us quickly. We are waiting for you.

PrepAwayTest is one of the leading platforms that has been helping Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) exam candidates for many years. Over this long time period we have helped Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) exam candidates in their preparation. They got help from PrepAwayTest Infoblox NIOS-DDI-Expert Practice Questions and easily got success in the final Infoblox NIOS-DDI-Expert certification exam. You can also trust PrepAwayTest Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) exam dumps and start preparation with complete peace of mind and satisfaction.

Pass Guaranteed Quiz Infoblox - NIOS-DDI-Expert - Infoblox Qualified NIOS DDI Expert - INE Authoritative Pass Test Guide

The efficiency of our NIOS-DDI-Expert study materials can be described in different aspects. NIOS-DDI-Expert practice guide is not only financially accessible, but time-saving and comprehensive to deal with the important questions trying to master them efficiently. You can obtain our NIOS-DDI-Expert Preparation engine within five minutes after you pay for it successfully and then you can study with it right away. Besides, if you have any question, our services will solve it at the first time.

Infoblox Qualified NIOS DDI Expert - INE Sample Questions (Q57-Q62):

NEW QUESTION # 57

The only way to get access to all of the possible diagnostic CLI commands is to connect a serial cable to the serial port of the Infoblox appliance.

- A. False
- B. True

Answer: A

Explanation:

Comprehensive and Detailed In-Depth Explanation: Infoblox NIOS provides a Command Line Interface (CLI) for diagnostics, accessible via multiple methods, not solely the serial port:

- * Serial Console: Connecting a serial cable (9600 baud) to the appliance's serial port grants CLI access, useful for physical troubleshooting or when network access is down. It provides full diagnostic commands (e.g., "show process," "set debug").
 - * SSH: Remote access via SSH (default port 22) to the appliance's management IP offers the same CLI, assuming network connectivity and credentials are available. This is equally comprehensive.
 - * Key Point: Both methods provide access to all diagnostic commands (e.g., "show log" "reset database"), debunking the "only way" claim. The serial port is just one option, often used in failure scenarios (e.g., network outage), but SSH is more common day-to-day.
 - * INE Context: The course covers CLI troubleshooting, emphasizing both serial and SSH access for Grid diagnostics, making this a practical distinction.
 - * Why False: The statement's exclusivity is incorrect—multiple access methods exist.
- References: Infoblox NIOS Administrator Guide - CLI Access; INE Course Content: NIOS DDI Grid Troubleshooting.

NEW QUESTION # 58

Revert allows an administrator to swap the Infoblox software to the previously installed version of code, while retaining the current DNS, DHCP, and Grid configuration information.

- **A. True**
- B. False

Answer: A

Explanation:

Comprehensive and Detailed In-Depth Explanation: The "Revert" feature in NIOS is a safety mechanism for software upgrades, allowing rollback to the prior version if issues arise. Here's how it works:

- * Mechanism: NIOS retains the previous software version and configuration database after an upgrade.
 - The "Revert" option (Grid > Upgrade > Revert) swaps back to the old code, preserving the current DNS zones, DHCP leases, and Grid settings (e.g., member roles).
 - * Conditions:
 - * Revert is available only if the upgrade was successful and the prior version is still stored (not overwritten by multiple upgrades).
 - * Configuration changes made post-upgrade are kept, unlike a factory reset.
 - * Why True: This aligns with Infoblox's design to minimize downtime and data loss during version management, a key focus in INE's Grid troubleshooting labs.
 - * Counterpoint: If the database schema changes significantly between versions, some settings might not fully revert, but core DNS/DHCP/Grid data remains intact per documentation.
 - * Practical Example: After upgrading to NIOS 8.6.2 and encountering DNS issues, you'd revert to 8.6.1 in an INE lab, verifying that zone data persists for troubleshooting continuity.
- References: Infoblox NIOS Administrator Guide - Software Revert; INE Course Content: NIOS DDI Grid Troubleshooting.

NEW QUESTION # 59

What command clears the NIOS database but preserves system logs and other licensed features such as reporting?

- A. reset all
- B. reset config
- **C. reset database**
- D. reset all licenses

Answer: C

Explanation:

Comprehensive and Detailed In-Depth Explanation: Clearing the NIOS database requires a precise CLI command:

- * B (reset database): Wipes DNS zones, DHCP leases, and Grid membership, but retains:
 - * System logs (e.g., syslog, infoblox.log).
 - * Licenses (e.g., reporting, DNSSEC).
 - * Network settings (IP, hostname). Correct.
- * A: "reset all" isn't valid (see Q28). Incorrect.

- * C: "reset config" isn't a command-closest is set factory, which wipes everything. Incorrect.
- * D: reset all licenses clears licenses only, not the database. Incorrect.
- * Practical Example: In an INE lab, you'd run reset database, verify logs persist via show log, and reconfigure, testing Grid recovery. References: Infoblox NIOS CLI Reference Guide - Reset Commands; INE Course Content: NIOS DDI Grid Troubleshooting.

NEW QUESTION # 60

What Member types are available for adding a new Grid Member in Add Grid Member Wizard? (Select all that apply.)

- A. Infoblox
- B. Member
- C. NIOS
- D. Virtual NIOS

Answer: C,D

Explanation:

Comprehensive and Detailed In-Depth Explanation: The Add Grid Member Wizard (Grid > Grid Manager > Members > Add Member) in NIOS allows adding appliances to the Grid. Let's clarify the options:

* Member Types:

* NIOS: A physical Infoblox appliance running the Network Identity Operating System (e.g., IB-1410). Available in the wizard. Correct.

* Virtual NIOS (vNIOS): A virtualized instance of NIOS (e.g., on VMware, AWS), treated as a Grid member. Available in the wizard. Correct.

* Options Analysis:

* A (Infoblox): "Infoblox" is the brand, not a member type in the wizard-it's implied by NIOS /vNIOS. Incorrect.

* B (NIOS): Explicitly listed as a physical appliance option. Correct.

* C (Virtual NIOS): Explicitly listed for virtual deployments. Correct.

* D (Member): Too generic-not a specific type in the wizard; it's the outcome, not the category. Incorrect.

* Process: In the wizard, you select NIOS or vNIOS, enter IP/credentials, and join it to the Grid.

* Practical Example: In an INE lab, you'd add a vNIOS member to a test Grid, configure it as an HA pair, and troubleshoot join failures, reinforcing deployment skills. References: Infoblox NIOS Administrator Guide - Adding Grid Members; INE Course Objective: NIOS DDI Grid Deployment.

NEW QUESTION # 61

Which action can an administrator safely perform during an upgrade?

- A. Setting time zone for a Grid Member
- B. None of the above
- C. Modify Member DHCP properties
- D. Update DNS views

Answer: A

NEW QUESTION # 62

.....

If you are still troubled for the Infoblox NIOS-DDI-Expert Certification Exam, then select the PrepAwayTest's training materials please. PrepAwayTest's Infoblox NIOS-DDI-Expert exam training materials is the best training materials, this is not doubt. Select it will be your best choice. It can guarantee you 100% pass the exam. Come on, you will be the next best IT experts.
