NEW QUESTION # 120

AW Computing technicians use the field service mobile application exclusively since they are always in the field. Due to frequent schedule changes, the technician should only see one job at a time on the app. How should the field service administrator ensure this requirement is met?

- A. Set Send Appointment Notifications on Dispatch in the mobile settings to one.
- B. Instruct the dispatcher to only dispatch one work order to each technician at a time.
- C. Enable drip feed to dispatch one service appointment per technician at a time.
- D. Set up auto dispatch to dispatch one work order for each technician at a time

Answer: C

Explanation:

Drip feed is a feature that automatically dispatches service appointments to resources based on predefined criteria and time intervals. By enabling drip feed, the system can dispatch one service appointment per technician at a time, and adjust their schedule accordingly.
