And our 1Y0-205 exam questions are the right tool to help you get the certification with the least time and efforts. Just have a try, then you will love them!

## Citrix Virtual Apps and Desktops Administration Sample Questions (Q10-Q15):

### NEW QUESTION # 10

Which of the following is NOT a feature of Citrix StoreFront?

- A. Auto Client Reconnect
- B. Workspace Control
- C. Auto-Launch Desktop
- D. Store Favorites (Subscriptions)

**Answer: A**

Explanation:

Auto Client Reconnect is a feature of the Citrix client (Citrix Workspace app), not StoreFront.

StoreFront provides features such as auto-launch desktop, workspace control, and favorites (subscriptions) for resource access and management.

### NEW QUESTION # 11

Scenario: A Citrix Administrator configures the 'Auto connect client drives' user settings to map client drives within the HDX session for all published desktops. The setting is configured in a Baseline Group Policy Object (GPO) and linked to an Organizational Unit (OU) that contains all of the published desktops. When a user launches the desktop, client drives are NOT mapped. What is a possible reason?

- A. Loopback processing is NOT enabled.
- B. Desktops need to be restarted for the policy to be applied.
- C. gpupdate /force needs to be executed on all of the machines.
- D. The GPO needs to be linked to the User OU.

**Answer: A**

Explanation:

User settings in a GPO linked to a machine OU only apply if loopback processing is enabled.

Since the "Auto connect client drives" setting is a user policy but applied at the desktop OU level, loopback processing must be enabled for the policy to take effect within the HDX sessions.

### NEW QUESTION # 12

A Citrix Administrator needs to create custom Filters within Citrix Director to better monitor the infrastructure. Which three values can the administrator choose to create the custom filters? (Choose three.)

- A. Desktops
- B. Machines
- C. Connections
- D. Sessions
- E. Users

**Answer: B,D,E**

Explanation:

In Citrix Director, administrators can create custom filters based on Users, Machines, and Sessions. These filters allow targeted monitoring and troubleshooting of specific areas within the Citrix environment.

### NEW QUESTION # 13

A Citrix Administrator has enabled an HDX Session printers policy within a Citrix Virtual Apps and Desktops Site. The administrator added a printer to a print server and assigned the printer to all users through a session printer policy.

In addition, several local client printers are auto-created within HDX sessions. No other printing policies are configured. How will print jobs be routed when users send print jobs to a printer managed by the print server?

- A. Over the HDX virtual channel to the specified printer attached to the print server
- B. Over the HDX virtual channel, through the endpoint, and then to the print server
- C. Directly from the session Virtual Delivery Agent (VDA) machine to the printer
- D. Directly to the network print server and then to the specified printer

**Answer:**

Explanation:

When using session printers from a print server, print jobs are routed directly from the VDA to the network print server, which then forwards them to the physical printer. The HDX virtual channel is only used for client printers, not for print server-based session printers.

### NEW QUESTION # 14

Which command must a Citrix Administrator run on the Citrix Director machine to integrate the NetScaler Console appliance with Citrix Director?

- A. Set-MonitorConfiguration
- B. DirectorConfig.exe /configscom

- C. Set-LogSite
- D. DirectorConfig.exe /confignetscaler

**Answer: D**

Explanation:

To integrate the NetScaler (Citrix ADC) Console with Citrix Director, the administrator must run the command DirectorConfig.exe /confignetscaler on the Director machine. This enables Director to display NetScaler Gateway and HDX Insight data.

## NEW QUESTION # 15

.....

Our 1Y0-205 free demo provides you with the free renewal in one year so that you can keep track of the latest points happening in the world. As the questions of our 1Y0-205 exam dumps are involved with heated issues and customers who prepare for the 1Y0-205 Exams must haven't enough time to keep trace of 1Y0-205 exams all day long.
