Valid Braindumps NLN NEX Files - NEX Exam Vce Format

Choosing our NEX real dumps as your study guide means you choose a smart and fast way to get succeed in the certification exam. There are accurate NEX test answers and some explanations along with the exam questions that will boost your confidence to solve the difficulty of NEX Practice Test. You will enjoy great benefits if you buy our NEX braindumps now and free update your study materials one-year.

NLN Nursing Entrance Exam (Math, Science and Verbal) Sample Questions (Q39-Q44):

NEW QUESTION # 39

A scientist removes the pancreas from laboratory rats. In a few days, what would most likely be observed?

- A. No effect on the rats
- B. A decrease in urine volume
- **C. An increase in blood glucose levels**
- D. Alkylosis of the blood

Answer: C

Explanation:

The pancreas produces insulin, which regulates blood glucose levels. Without insulin, glucose cannot efficiently enter cells, leading to hyperglycemia. Removing the pancreas would therefore cause blood glucose levels to rise. This concept is directly related to diabetes physiology and is a common topic on the NEX Science exam.

NEW QUESTION # 40

Word Knowledge

The word "minimize" most nearly means:

- A. Balance
- B. Increase
- C. Reduce
- D. Measure

Answer: C

Explanation:

Minimize means to reduce something to the smallest amount possible. Option C is the correct synonym. Understanding reduction-related vocabulary is important for NEX verbal success.

NEW QUESTION # 41

You are staining bacterial samples for identification and viewing them under a microscope.

Which bacterial shape do you observe in the sample?

- A. Cocci
- B. Bacilli
- C. Spirochetes
- D. Vibrios

Answer: B

Explanation:

This question tests knowledge of bacterial morphology, which is commonly assessed on the NEX Science exam. Bacteria are often classified based on their shape, which helps in identification and diagnosis. The image shows elongated, rod-shaped bacteria. This shape is characteristic of bacilli. Bacilli are cylindrical or rod-like and are commonly found in many bacterial species, including *Escherichia coli* and *Bacillus anthracis*.

Cocci are spherical in shape, spirochetes are long and spiral-shaped, and vibrios have a curved, comma-like appearance. None of these shapes match the straight rod-like structures shown in the image. Identifying bacterial shape is an important first step in microbiology before further tests such as Gram staining or biochemical analysis are performed. The NEX exam frequently uses images or descriptions to assess whether students can correctly distinguish between cocci, bacilli, spirilla/spirochetes, and vibrios based on visual characteristics. Recognizing bacilli as rod-shaped bacteria is a key foundational concept.

NEW QUESTION # 42

Reading Comprehension

Passage:

Medical research relies on controlled experiments to test hypotheses. By controlling variables, researchers can determine whether observed effects are due to the factor being studied.

Why are controlled experiments important?

- A. They guarantee identical outcomes

- B. They eliminate the need for observation
- C. They ensure results are random
- D. They help identify cause-and-effect relationships

Answer: D

Explanation:

Controlled experiments allow researchers to isolate one variable and observe its effects while keeping other factors constant. This makes it possible to determine cause-and-effect relationships. Option C correctly reflects this purpose. The other options misrepresent the role of experiments. On the NEX exam, scientific reading passages often focus on basic research principles and reasoning.

NEW QUESTION # 43

Word Knowledge

The word "initial" most nearly means:

- A. Final
- B. First
- C. Delayed
- D. Lasting

Answer: B

Explanation:

"Initial" refers to the first stage or beginning of something. Option B best matches this definition. NEX questions frequently test sequencing vocabulary.

NEW QUESTION # 44

.....

If you are ready for the exam for a long time, but lack of a set of suitable NEX learning materials, I will tell you that you are so lucky to enter this page. We are such NEX exam questions that you can use our products to prepare the exam and obtain your dreamed NEX certificates. We all know that if you desire a better job post, you have to be equipped with appropriate professional quality and an attitude of keeping forging ahead. Our NEX exam questions will be your best ally to get what you wanted.
