問題 #44

The DFM's Professional Code of Conduct requires brokerage firms to take reasonable steps to determine the identity of their clients. For natural persons, this should include:

- A. nature of the entity, its legal form, type and capital
- **B. profession, exact address, PO Box and phone number**
- C. commercial register number and commercial licence
- D. full name of portfolio manager

答案： B

解題說明：

The Dubai Financial Market (DFM) Professional Code of Conduct mandates that brokerage firms perform thorough customer due diligence to confirm client identities. For natural persons, this includes obtaining detailed personal information such as profession, exact residential address, PO Box, and phone number. This comprehensive identification requirement supports anti-money laundering (AML) and know-your-customer (KYC) policies by enabling firms to verify clients accurately and assess their risk profiles effectively.

Commercial registration details and legal entity information apply to corporate clients, not individuals.

Collecting detailed contact and occupational data also facilitates ongoing monitoring and communication, fulfilling regulatory obligations to maintain transparent client records.

問題 #45

An application submitted to the ADX by the brokerage company to enable it to supply E-Trading services will result in a decision to approve or reject the application within:

- A. 2 days
- **B. 5 days**
- C. 30 days
- D. 10 days

答案： B

解題說明：

Brokerage firms seeking approval from the Abu Dhabi Securities Exchange (ADX) to offer E-Trading services are subject to a timely review process. According to the CISI UAE Financial Rules and Regulations, the ADX is required to make a decision to approve or reject such applications within 5 business days. This rapid response timeline ensures that brokers can efficiently begin offering E-Trading services to clients, which is crucial in today's fast-paced financial markets. By maintaining this short decision-making window, the ADX fosters an environment of operational efficiency and responsiveness, which supports both market development and investor confidence.

問題 #46

The compliance regulation guide, submitted by an applicant for a license from the Authority, must set out procedures and mechanisms which will ensure that the compliance officer:

- A. can appoint a deputy during an unplanned absence
- B. is able to suspend operations in an emergency
- **C. has access to sufficient resources**
- D. can report confidentially to the regulator

答案： C

解題說明：

Per CISI UAE Financial Rules and Regulations, the compliance regulation guide submitted by licensing applicants must include procedures and mechanisms that ensure the compliance officer has access to sufficient resources. Adequate resources are critical for the compliance officer to effectively oversee adherence to regulatory requirements, manage risks, and implement compliance programs. This includes staffing, technology, training, and authority necessary to fulfill the role's responsibilities. While emergency powers or deputizing may be operationally important, the regulations emphasize resource adequacy as a fundamental compliance

enabler.

問題 #47

In order to be authorised to deal in investments, which of the following professional roles would the Authority expect to see within the firm?

- A. Operations Manager
- B. Trading Manager
- **C. Broker Representative**
- D. Compliance Officer

答案： C

解題說明：

The Authority expects licensed firms authorised to deal in investments to include a Broker Representative within their professional staff. The Broker Representative is the role licensed and trained to execute investment transactions on behalf of clients, adhering to regulatory standards. While other roles like Trading Manager, Compliance Officer, and Operations Manager are vital for the firm's overall functioning and compliance, the Broker Representative is specifically required for dealing activities, ensuring qualified and responsible conduct in investment execution.

Reference: CISI UAE Financial Rules and Regulations - Licensing and Job Roles for Investment Dealing, Section 3.1.9 (2023).

問題 #48

The Depository Centre must periodically report to the Authority on shareholders who hold more than what threshold percentage of equity in the Centre's capital?

- A. 10%
- B. 3%
- C. 15%
- **D. 5%**

答案： D

解題說明：

The Depository Centre is required to periodically report to the Authority on shareholders who hold more than 5% of equity in the Centre's capital. This threshold ensures that the Authority is informed about substantial holdings, which could influence corporate governance, voting rights, and overall control within the company.

The report helps maintain transparency regarding ownership structures, which is critical for monitoring potential conflicts of interest, shareholder influence, and market stability. Regular updates on these holdings contribute to the regulatory oversight of significant shareholders.
