## Exam RedHat EX432 Questions | EX432 Reliable Exam Pattern

With VCEEngine user-friendly Red Hat Certified Specialist in OpenShift Advanced Cluster Management (EX432) PDF format, you can prepare for the exam from any location at any time via laptops, tablets, and smartphones. In this RedHat EX432 PDF document, we have included latest and EX432 Real Exam Questions. VCEEngine has made the EX432 PDF format to make it easier for students to acquire knowledge they need to ace the RedHat exam.

## RedHat Red Hat Certified Specialist in OpenShift Advanced Cluster Management Sample Questions (Q20-Q25):

### NEW QUESTION # 20

Label managed clusters for placement (environment=dev, region=us-east)

#### Answer:

Explanation:

See the solution below in Explanation.

Explanation:

\* List clusters:

```
oc get managedcluster
```

\* Label the target cluster(s):

```
oc label managedcluster cluster-dev environment=dev region=us-east --overwrite
```

\* Verify labels:

```
oc get managedcluster cluster-dev --show-labels
```

Why this matters:

Labels drive Placement decisions used by policies and applications.

### NEW QUESTION # 21

Deploy an application using Subscription + PlacementRule (legacy model)

#### Answer:

Explanation:

See the solution below in Explanation.

Explanation:

\* Create a Channel (Git) and Subscription referencing it (example pattern).

\* In exams, you're usually given a repo URL and target namespace.

\* Ensure there is a placement rule/placement selecting clusters.

\* Apply manifests:

```
oc apply -f channel.yaml
```

```
oc apply -f subscription.yaml
```

\* Verify resources:

```
oc get channels.apps.open-cluster-management.io -A
```

```
oc get subscriptions.apps.open-cluster-management.io -A
```

```
oc get application.app.k8s.io -A
```

Why this matters:

Multi-cluster application lifecycle is part of ACM operations, and EX480 explicitly covers managing multi-cluster environments with ACM.

### NEW QUESTION # 22

Create a policy that enforces a NetworkPolicy in a given namespace across clusters

#### Answer:

Explanation:

See the solution below in Explanation.

\* Put the NetworkPolicy manifest under object-templates in a ConfigurationPolicy.

\* Bind to a Placement for dev clusters.

\* Verify NetworkPolicy exists on all targeted clusters.

### NEW QUESTION # 23

Deploy GitOps Application (Subscription YAML)

#### Answer:

Explanation:

See the solution below in Explanation.

Explanation:

\* Apply the subscription/application manifest:

```
* oc apply -f application-subscription.yaml
```

\* Confirm resources were created:

```
* oc get applications.app.k8s.io -A
```

```
* oc get subscriptions.apps.open-cluster-management.io -A
```

```
* oc describe application.app.k8s.io my-app -n <namespace >
```

\* Watch placement/propagation (varies by model used in the lab):

```
* oc get placement -A
```

```
* oc get placementrule -A
```

Why this matters:

\* ACM "application" deployment commonly uses Subscription/Placement (legacy model) or newer Placement resources, enabling multi-cluster rollout from Git sources.

## NEW QUESTION # 24

Install multicluster engine operator (standalone) and create a MultiClusterEngine

### Answer:

Explanation:

See the solution below in Explanation.

Explanation:

\* Web Console # Operators # OperatorHub

\* Search for multicluster engine (or Multicluster Engine Operator ).

\* Install the operator into its recommended namespace (commonly multicluster-engine).

\* Create the MultiClusterEngine custom resource (CLI method shown below):

```
cat << 'EOF' | oc apply -f -
```

```
apiVersion: multicluster.openshift.io/v1
```

```
kind: MultiClusterEngine
```

```
metadata:
```

```
name: multiclusterengine
```

```
spec: {}
```

```
EOF
```

\* Verify the engine reconciles:

```
oc get multiclusterengine
```

```
oc get pods -n multicluster-engine
```

Why this matters:

ACM can use the multicluster engine operator for cluster lifecycle functions; Red Hat documents cluster lifecycle with multicluster engine as a core capability.

## NEW QUESTION # 25

.....

Having a good command of professional knowledge for customers related to this EX432 exam is of superior condition. However, that is not certain and sure enough to successfully pass this exam. You need efficiency and exam skills as well. Actually, a great majority of exam candidates feel abstracted at this point, wondering which one is the perfect practice material they are looking for. To make things clear, we will instruct you on the traits of our EX432 real materials one by one. Here we recommend our EX432 guide question for your reference.
