Quality skills required	<ul style="list-style-type: none"> Proof-reading skills. Director of Compliance Division - Reviewer. Director of Information Technology Division - Reviewer. Administrator.
Quality responsibilities	<ul style="list-style-type: none"> Producer/Presenter: Director of Facilities Division. Chair: Project Manager.

Quality notes from the Daily Log

The Director of Information Technology Division (DIT) has been asked to ensure that any changes to the outsourced staff employment contracts adhere to employment law. The DIT will review future job descriptions of the transferred staff before the final contract is signed with the selected service provider.

The service level agreement between MFH and the selected service provider will specify the type and quality of service required.

The selected service provider must follow the industry standards for providing outsourced services.

MFH has a quality management system which contains a document control procedure for all its documentation, however this does not include change management.

All project documents will be subject to a quality review. Nominated products will require a formal approval record signed-off by the quality review chair.

Extract from the draft Quality Management Strategy (may contain errors) Introduction

1. This document defines the approach to be taken to achieve the required quality levels during the project.
2. The Project Board will have overall responsibility for the Quality Management Strategy.
3. Project Assurance will provide assurance on the implementation of the Quality Management Strategy.

Quality management procedure - Quality standards

4. The selected service provider will operate to industry standards for providing outsourced services.
5. MFH document standards will be used.

Records

6. A Quality Register will be maintained to record the planned quality events and the actual results from the quality activities.
7. Configuration Item Records will be maintained for each product to describe its status, version and variant.
8. Approval records for products that require them will be stored in the quality database.

Roles and responsibilities

9. The DIT will check that the employment contracts for outsourced staff adhere to employment law.
10. Team Managers will provide details of quality checks that have been carried out.

11. Team Managers will ensure that the Quality Register is updated with the names of team members who are involved in the review process.

12. The Senior User will review the Product Descriptions of the products to be produced by the selected service provider to ensure that they can be achieved.

Which is a correctly defined acceptance criterion for the service level agreement (SLA) with the selected service provider?

- A. External consultants are to assist in the creation of the SLA.
- B. Any changes to the SLA must be managed through formal change control.
- **C. The SLA must extend for the full duration of the service contract.**
- D. The selected service provider should be located locally.

Answer: C

NEW QUESTION # 216

Two weeks after starting work the Team Manager noticed that each completed product had exceeded its estimated effort by around 10%. If this trend continues the Work Package will exceed its agreed cost tolerance of 5%.

Which 2 actions should the Team Manager take in response to this situation?

- A. Escalate the situation in the next Checkpoint Report.
- **B. Raise an issue that costs will exceed tolerance if the current trend continues.**
- C. Amend the Work Package and ensure that the revised targets are met.
- D. Update the Team Plan by increasing all future work estimates by 10%.
- **E. Check the status of the products currently being worked on and analyze the effort expended, to determine if the trend is continuing.**

Answer: B,E

NEW QUESTION # 217

Project Scenario - Health and Safety Training Project:

ABC Company is a well-established training company that uses a standard model to develop training materials and deliver courses to customers.

ABC Company has commissioned a project in response to recent changes in government legislation relating to health and safety on construction sites. The project will deliver "capability to provide health and safety training", including the materials needed for classroom-based training and e-learning. The expected benefits for construction companies include a reduction in lost days and legal costs due to accidents.

The e-learning course will be developed by a specialist external consultancy. The materials for classroom-based training will be delivered by ABC Company's development team. All course materials will be piloted before they are used. ABC Company will deliver training to its customers and also hopes to sell the course materials to other training companies as part of their operational business. ABC Company will use their own sales and marketing departments to promote the courses.

The legislation requires construction companies to comply with the new legislation within two years. The course materials and trainers have to be accredited by a government agency before courses can be delivered.

ABC Company is planning to deliver pilot courses within five months of starting the project.

The ABC Company standard development model for new courses recommends the following stages:

Stage 1	Initiation stage
Stage 2	Classroom-based training materials Marketing materials Training venue specifications Accredited classroom-based course
Stage 3	E-learning course Amended course booking procedures Marketed courses Planned pilot courses Updated corporate quality procedures Accredited e-learning course Accredited trainers
Stage 4	Delivered pilot courses Finalized materials Project product: Capability to provide health and safety training

End of the Project scenario.

Additional Information:

The Chief Executive Officer (CEO) founded the company five years ago. Under her leadership, ABC Company has grown quickly into a successful training company. It delivers a range of accredited professional training.

The Finance Director is also a founder member of ABC Company and is responsible for authorizing budgets for the Operations and Development Teams. She authorizes all large contracts personally.

The Purchasing Manager reports to the Finance Director and is responsible for managing and monitoring supplier contracts.

The Operations Director is responsible for the delivery of all training and for the training development budget. His department organizes courses, venues and trainers. They work with the Product and the Sales teams to provide a comprehensive training schedule. ABC Company's IT manager reports to the Operations Director.

The Business Development Director has recently been appointed to identify new training needs and propose new products. She will work with the Operations Director to ensure a cost-conscious approach and that appropriate development technologies are used for the health and safety course.

The Training Development Manager reports to the Business Development Director and is responsible for developing training materials and gaining accreditation, in accordance with the standard course development model. Course developers in his team have skills in a range of development technologies and are allocated to projects as needed.

The Training Delivery Manager, who reports to the Operations Director, is responsible for ensuring that internal and external trainers deliver ABC Company training courses to the required standard. He also checks course materials to ensure they are fit for purpose and of the required quality.

The Central Services Director has responsibility for corporate communications, facilities management and configuration management. He recently led a project to consolidate all company quality systems into one quality management system and set up a corporate quality department, now managed by the Corporate Quality Manager.

The Corporate Document Manager reports to the Central Services Director. She helped establish the company's document management system and now operates it across the business. She manages a team of administrators and contracts staff when workload is high.

The Sales Director joined ABC Company two months ago and is keen to establish himself by suggesting new markets for the courses and material. All account managers and the marketing team report to him. They promote existing training courses to other training companies and existing customers.

End of the additional information.

QUALITY

Teams have been set up to develop different parts of the 'classroom-based training materials'.

Here are three activities related to managing quality.

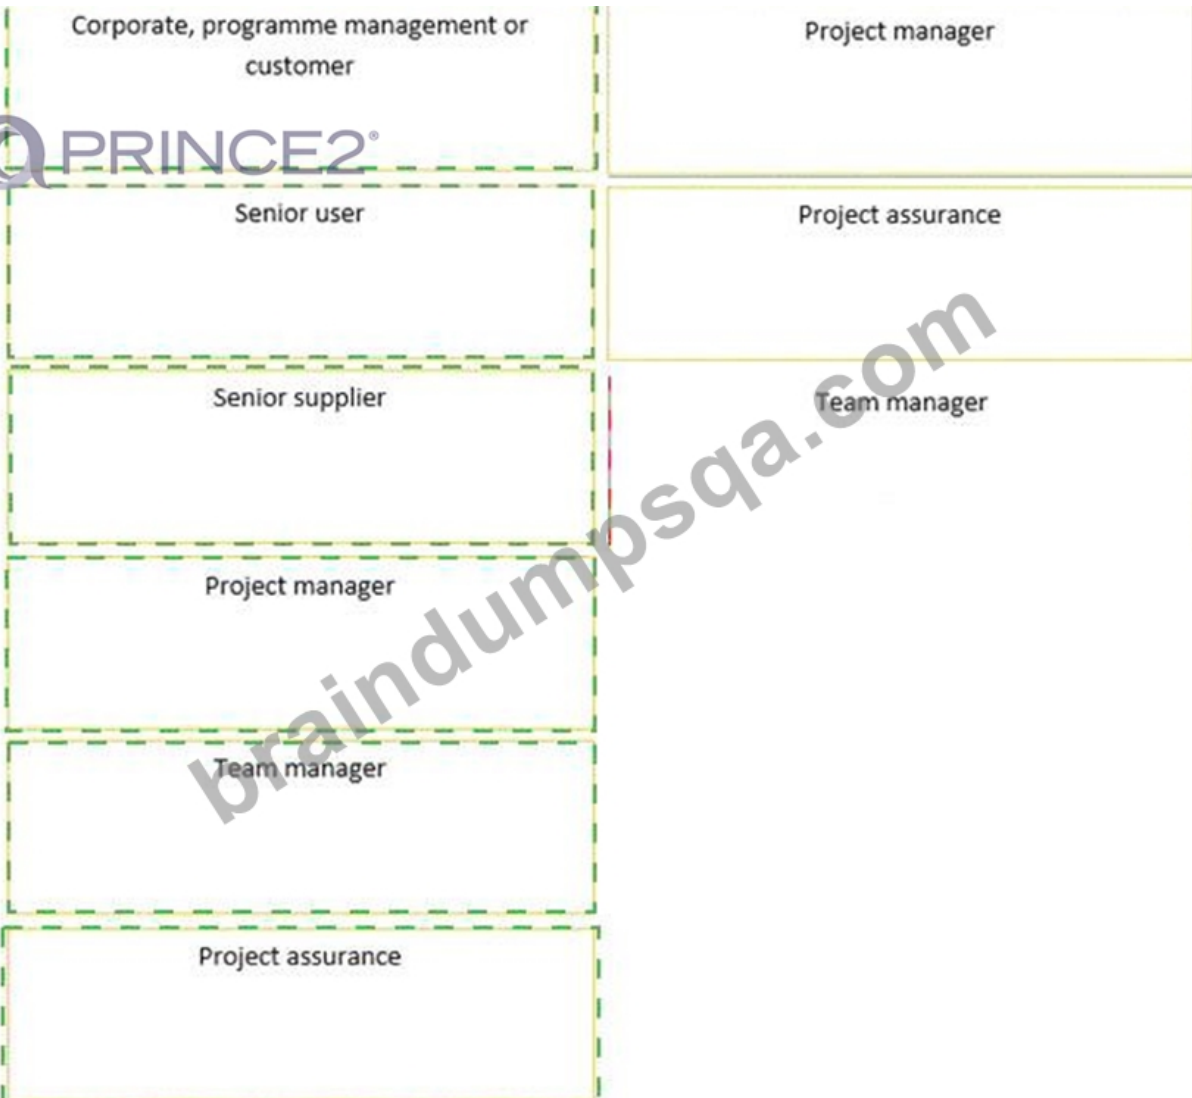

Which role (A-F) should carry them out?

Choose only one for each activity. Each role can be used once, more than once, or not at all.

Corporate, programme management or customer	When a completed work package is received, check the quality register to see that the quality methods specified in the work package have been implemented.
Senior user	Provide confidence that the accreditation of trainers will not be delayed by a failure to follow the quality procedures that have been agreed with the Training Delivery Manager.
Senior supplier	Sign off the quality criteria for the 'classroom-based training materials'
Project manager	
Team manager	
Project assurance

NEW QUESTION # 218

Which project controls should be established for the Outsourcing project?

- A. Highlight Reports to the Project Board; Exception Reports to corporate management when stage tolerances are forecast to be exceeded.
- B. Highlight Reports to the Project Board; Exception Reports to the Project Board when stage or project tolerances are forecast to be exceeded.
- C. Highlight Reports to the Project Manager; Exception Reports to the Project Board when project tolerances are forecast to be exceeded.

Answer: B

Explanation:

Explanation/Reference:

Testlet 1

It is now late October and the project is in stage 3. The label design competition has been held and the photos of the staff have been taken. The CEO and Marketing Director still need to choose the winning label design and the 12 photos for the calendar. However, the Executive has learned that two competitors are issuing calendars to MNO's customers by the middle of November. After analyzing the impact of this Issue, one of the options the Project Manager has presented to the Project Board is to close the project prematurely.

There are a number of key facts relating to this project that would need to be recorded if the project Y-e to be closed now.

NEW QUESTION # 219

Scenario

A central government department, the Ministry of Food Hygiene (MFH), faces increasing pressure to cut costs, better manage suppliers' performance and reduce the confusion caused by inadequate internal controls, outdated standards and outdated technology. External consultants were employed to conduct a feasibility study to identify options to address the problems, and the

likely costs and benefits. The following options were considered:

Do nothing.

Re-engineer selected business functions.

Outsource selected business functions.

The feasibility study concluded that there was a case for outsourcing the MFH Information Technology Division and the Facilities Division (maintenance of buildings and grounds). The recommendations were:

One service provider should be contracted to provide the services currently provided by the Information Technology Division and the Facilities Division.

A 10-year service contract should be agreed with the selected service provider.

The feasibility study developed high-level designs of the current organization, processes, systems and operating models, plus an outline Business Case for the required project. The external consultants also made the following recommendations for the management of the project:

Use PRINCE2.

Set up the project with 4 management stages:

Stage 1. Standard PRINCE2 initiation activities.

Stage 2. Create detailed designs (future organization, processes, systems and operating models) and the service level agreement between MFH and the future service provider.

Stage 3. Request and evaluate proposals, select service provider and agree contract.

Stage 4. Transfer equipment and staff, transfer responsibility for service provision and run trial period.

Initial estimates indicated that the project would cost £2.5m and take two years to complete.

MFH senior management agreed that there was a case for outsourcing, and accepted the recommendations as a basis for the project. There is an expected saving of £20m over 10 years.

The Outsourcing project has completed the Starting up a Project process and is now in the initiation stage.

Because of the strategic importance of the project, the MFH Chief Executive Officer has taken the role of Executive. A PRINCE2-experienced Project Manager has been appointed from within MFH. Staff within the business functions being outsourced will work with the external consultants who conducted the feasibility study to define the detailed designs.

Which 2 statements should be recorded under the Expected benefits heading?

- A. The 10-year outsourcing contract will enable MFH to stabilize costs at agreed levels.
- B. Outsourcing would allow MFH to take advantage of the best services the outsourcing industry has to offer.
- C. The confirmed cost of the Outsourcing project is £2.5m, but with considerable savings over 10 years.
- D. The total expected savings over 10 years, at current prices, is £20m.
- E. The 10-year outsourcing contract, at current prices, will be worth £80m.

Answer: A,D

NEW QUESTION # 220

.....

Our product boasts many advantages and it is worthy for you to buy it. You can have a free download and tryout of our PRINCE2Practitioner exam torrents before purchasing. After you purchase our product you can download our PRINCE2Practitioner study materials immediately. We will send our product by mails in 5-10 minutes. We provide free update and the discounts for the old client. If you have any doubts or questions you can contact us by mails or the online customer service personnel and we will solve your problem as quickly as we can. Our PRINCE2Practitioner Exam Materials boost high passing rate and if you are unfortunate to fail in exam we can refund you in full at one time immediately. The learning costs you little time and energy and you can commit yourself mainly to your jobs or other important things.
