HOT 300-740 Test Objectives Pdf 100% Pass | High-quality Cisco Designing and Implementing Secure Cloud Access for Users and Endpoints Reliable

Dumps Ppt Pass for sure

Our 300-740 quiz torrent can provide you with a free trial version, thus helping you have a deeper understanding about our 300-740 test prep and estimating whether this kind of study material is suitable to you or not before purchasing. With the help of our trial version, you will have a closer understanding about our 300-740 Exam Torrent from different aspects, ranging from choice of three different versions available on our test platform to our after-sales service. After you have a try on our 300-740 exam questions, you will love to buy it.

Cisco Designing and Implementing Secure Cloud Access for Users and Endpoints Sample Questions (Q40-Q45):

NEW QUESTION # 40

The main benefit of Cisco Secure Network Analytics in diagnosing access issues is its ability to:

- A. Encourage a reactive rather than proactive security posture
- B. Limit data collection to avoid privacy concerns
- C. Focus solely on past security incidents without real-time analysis
- D. **Provide deep visibility into network traffic for anomaly detection and troubleshooting**

Answer: D

NEW QUESTION # 41

□ Refer to the exhibit. An engineer configured a default segmentation policy in Cisco Secure Workload to block SMTP traffic. During testing, it is observed that the SMTP traffic is still allowed. Which action must the engineer take to complete the configuration?

- A. **Add "port": [25, 25] to _params**
- B. Change consumer_filter_ref to: _SMTPScope
- C. Add _SMTPScope to provider_filter_ref
- D. Add "port": [25, 25] to _rootScope

Answer: A

Explanation:

The JSON configuration shown is missing a specific Layer 4 parameter definition for port 25 (SMTP).

Although the protocol (proto: 6, which is TCP) is defined, without specifying the actual port in the l4_params array, traffic filtering will not trigger on SMTP. Therefore, the engineer must add "port": [25, 25] to the l4_params section to ensure traffic on port 25 is blocked.

Reference: Designing and Implementing Secure Cloud Access for Users and Endpoints (SCAFT), Section 5: Visibility and Assurance, Pages 97-100.

NEW QUESTION # 42

Which of the following are benefits of implementing cloud security policies for hybrid and multicloud environments?

- A. Increased complexity in management
- B. **Enhanced agility and scalability**
- C. **Improved compliance with regulatory requirements**
- D. **Enhanced data sovereignty and privacy**

Answer: B,C,D

NEW QUESTION # 43

Security audit reports are crucial for:

- A. Promoting a false sense of security
- B. Reducing the overall security budget
- C. Eliminating the need for security policies

- D. Identifying compliance gaps and areas lacking sufficient security controls

Answer: D

NEW QUESTION # 44

Refer to the exhibit. A security engineer deployed Cisco Secure XDR, and during testing, the log entry shows a security incident. Which action must the engineer take first?

- A. Block IP address 10.77.17.45.
- B. Uninstall the malware.
- C. Rebuild the endpoint.
- D. Isolate the endpoint.

Answer: D

Explanation:

The SCAZT documentation emphasizes that when Cisco Secure XDR identifies a high-risk threat (e.g., risk score 8 out of 10 for malware distribution, as shown in the exhibit), the first priority is to prevent lateral movement and data exfiltration. The recommended first response action is to isolate the affected endpoint from the network.

Cisco Secure Endpoint and XDR allow you to trigger an "isolate" response directly from the dashboard, cutting off all non-management communication from the compromised device. This preserves the environment and enables forensic analysis before removing malware or taking destructive actions like rebuilding the system.

Reference: Designing and Implementing Secure Cloud Access for Users and Endpoints (SCAZT), Section 6: Threat Response, Pages 113-118

NEW QUESTION # 45

.....

you can pass the 300-740 exam for the first time with our help. Perhaps you still cannot believe in our 300-740 study materials. You can browser our websites to see other customers' real comments. Almost all customers highly praise our 300-740 Exam simulation. In short, the guidance of our 300-740 practice questions will amaze you. Put down all your worries and come to purchase our 300-740 learning quiz! You won't regret for your wise choice.
