質問 #14

What does RASIC stand for?

- A. React, Action, Support, Informed, Consulted
- B. Responsible, Accountable, Supporting, Informed, Consulted**
- C. Responsible, Actionable, Supporting, Informed, Communicate
- D. Responsible, Actionable, Supporting, Informed, Consulted

正解: **B**

解説:

RASIC is an acronym used in project management to define the roles and responsibilities of each person who interacts with the project. Each letter represents a designated role in a task's completion:

- * R (Responsible): This is the task lead - the individual who is ultimately responsible for getting the job done. There should only be one person responsible.
- * A (Accountable): This is the person, or people, who will approve or deny the task once it's complete. The person responsible can also play this role, but it can also be a technical expert or stakeholder.
- * S (Supporting): The individual(s) in this role actively work on the task and help the person responsible.
- * I (Informed): The individual(s) in this role need to be informed of the task's progress and any decisions being made. These are the people who need to know when the task is complete.
- * C (Consulted): People in this role offer advice or guidance but do not actively work on the task. These are often subject matter experts who offer guidance or one-time technical reviews.

質問 #15

Which corrective action should an admin take after noticing an error on a posted invoice?

- A. Change the status from Posted to draft on the invoice, correct the invoicing error and repost it
- B. credit the invoice, correct the order, create and post a new invoice
- C. Delete the invoice record, correct the order, create and Post a new invoice
- D. Cancel and rebill, correct the order, create and post a new invoice.**

正解: **D**

解説:

Upon noticing an error on a posted invoice, the recommended corrective action is to use the "Cancel and Rebill" feature. This process allows an admin to roll back the invoice to its state before the most recent billing cycle, enabling the correction of errors on the invoice record. This functionality is applicable to both draft and posted invoices, providing a way to address issues such as missing invoice lines or incorrect billing details.

After canceling and rebilling, the admin can correct the order as needed and proceed to create and post a new invoice, ensuring the accuracy of billing records.
