Salesforce Certified Marketing Cloud Email Specialist 認定 Marketing-Cloud-Email-Specialist 試験問題 (Q128-Q133):

質問 # 128

When does the validation of email address occur when using a data extension?

- A. Done when admin refreshes it
- B. Done when subscriber updates profile in the profile center
- C. Done at the time of Send
- D. Done at the time of Import

正解: C

質問 # 129

A marketer for Northern Trail Outfitters needs to automatically refresh a filtered data extension prior to sending a daily email. What would a marketer do to automatically refresh a filtered data extension on a scheduled basis?

- A. Activate Journey Builder to refresh the data extension.
- B. Configure the Send Activity to automate the refresh.
- **C. Use a Filter Activity in Automation Studio.**

正解: C

解説:

To automatically refresh a filtered data extension on a scheduled basis, a marketer should use a Filter Activity in Automation Studio. This activity allows you to apply a filter to a source data extension and save the filtered results to a target data extension. By scheduling this activity within an automation, you can ensure that the filtered data extension is refreshed automatically at the desired frequency, such as daily before sending an email.

質問 # 130

What are three tactics for subscriber growth? (Select 3)

- A. Online Newsletter
- **B. Sign up requests specific to various sections of a website**
- **C. General Email Sign-up**
- **D. Email capture via Facebook**

正解: B、C、D

質問 # 131

A marketer has been tasked with ensuring Northern Trail Outfitters' unsubscribe mechanisms are CAN-SPAM compliant and follow industry best practices.

Which two criteria should the marketer incorporate into campaigns to ensure compliance and align with current best practices? Choose 2 answers

- A. Ask the subscriber to log in to the Preference Center to confirm opt-out.
- **B. Ensure opt-out mechanisms are operational for at least 30 days post-send.**
- **C. Include an unsubscribe link in the header or footer of emails.**
- D. Process every individual's unsubscribe request within 14 business days.

正解: B、C

質問 # 132

A marketer wants to create an email that will look great on both a desktop computer and a mobile device. However the marketer is not familiar with writing code for responsive design and does not have available resources to design the email. Which template can the marketer choose when creating an email?

- A. Responsive Web template
- B. Standard template
- C. Media template
- **D. Mobile-optimized template**

正解: D

質問 # 133
