## Peoplecert ITIL 4 Leader: Digital & IT Strategy Exam Sample Questions (Q57-Q62):

### NEW QUESTION # 57

A commercial service provider has a strategy to introduce cloud storage services that will be popular with a wide range of consumers in multiple markets. Features will include fast upload speeds and secure storage. Which should be included in the operating model for the new service?

- A. A user-friendly interface that is available anytime, from any location

- B. Free limited storage combined with a tiered charging structure
- **C. The infrastructure, skills and processes required to support the service**
- D. User access via a wide range of channels and platforms

**Answer: C**

#### **NEW QUESTION # 58**

Why might an organization choose to Implement an Innovation even though it does not meet its minimum requirement for 'return on Investment' (ROI)?

- A. The innovation is low risk
- B. The innovation is essential for the a organization to survive
- C. The innovation is low cost
- **D. The innovation will deliver significant benefit for the organization**

**Answer: D**

#### **NEW QUESTION # 59**

An organization has identified three initiatives to support a digital transformation strategy:

1. Upgrading technology
- 2 Adopting new software development approaches
3. Changing the structure of teams and departments

The project, management office has been tasked with Identifying and developing the business case(s) needed to review these initiatives Which is the BEST approach to take when creating the business case(s)?

- A. Create one single business case that provides justification for all three initiatives
- B. Create one business case for the technology upgrade, and another for the remaining Initiatives
- **C. Create three different business cases providing justification for each Initiative**
- D. Create one business case for the organizational change, and another for the remaining Initiatives

**Answer: C**

Explanation:

Creating three different business cases providing justification for each initiative is the best approach to take when creating the business case(s). This can help evaluate the costs, benefits, risks, and impacts of each initiative separately and compare them with each other. It can also help prioritize and sequence the initiatives based on their feasibility and desirability. Reference: ITIL 4 Leader: Digital and IT Strategy, page 49-50

#### **NEW QUESTION # 60**

An organization is continually changing to maintain customer and market relevant. The changes adopting new technologies, expanding to new markets, and adjusting the service portfolio.
