- D. Provide one or two pair cables from the boat slips to a distribution terminal on the closest point of land.

**Answer: B**

### NEW QUESTION # 47

A biometrics firm has a facial recognition program with multiple components and project managers. The project manager from the

mobile device division escalates a vendor-related risk to the program manager. After assessing the risk, the program manager determines that this risk may impact other projects within the program. However, this risk has a low degree of Impact and probability of occurring.

What should the program manager do first?

- A. Brainstorm with the project manager to develop an appropriate risk response.
- B. Obtain a risk reserve from the executive sponsor and execute a contingency plan
- C. Communicate the risk to all project managers to manage at the component level
- D. Add the risk details and analysis to the program risk register

**Answer: D**

#### **NEW QUESTION # 48**

An IT program manager is concerned that a program is not achieving its defined incremental benefits due to a lack of delivery by the business team. The IT team has several dependencies on the business team throughout the program. However the business team does not report to the IT program manager and only two business team resources with the appropriate skills are available to complete the required program tasks.

To address this issue, what should the IT program manager do next?

- A. Schedule a meeting with the business team to discuss transferring the two business team resources to the IT team, update the program risk register to include risk mitigation steps
- B. Review and clarify the business team's program roles and responsibilities determine the schedule impact on benefits. Delivery direct the IT project manager to meet with the business team to ensure dependencies are understood and that the appropriate resources can be made available.
- C. Escalate the lack of commitment by the business team to the program steering committee: hire a new project resource to complete the required tasks; update the program risk register to include risk mitigation steps
- D. Modify the program milestone dates to include a larger contingency, determine the impact on the project implementation date, and update the benefits management plan

**Answer: B**

#### **NEW QUESTION # 49**
