And you will know that the high quality of our CCMP learning guide as long as you free download the demos before you pay for it.

ACMP Global Certified Change Management Professional Sample Questions (Q113-Q118):

NEW QUESTION # 113

What document explains the current opportunity, risks or consequences and benefits of a change?

- **A. Business case**
- B. Change research
- C. Change definition
- D. Success measures

Answer: A

Explanation:

The business case provides a structured explanation of opportunities, risks, consequences, and benefits associated with the change. It ensures stakeholders understand why the change is required and how it aligns with strategic objectives. Change definition (C) focuses on scope, success measures (B) define evaluation, and research (A) provides background but not justification. Thus, option D is correct.

(Reference: ACMP Standard, Process Group 2 - Case for Change; Output: Business case articulates rationale, risks, and benefits.)

NEW QUESTION # 114

After a change is complete, what is the best strategy to use with formal and informal networks of change agents to ensure the long-term sustainability of the change?

- A. Recognize the change agents publicly, communicating leadership appreciation for their efforts
- **B. Maintain the networks along with ongoing knowledge transfer and management**
- C. Perform a lessons learned evaluation of the networks' activities and provide best practices report
- D. Reward the agents significantly using the existing organizational mechanisms

Answer: B

Explanation:

Formal and informal networks of change agents are valuable not only during implementation but also for long-term reinforcement. ACMP suggests maintaining these networks to support peer learning, knowledge transfer, and monitoring adoption over time.

Recognition (B) is important but not sufficient for sustainability.

Rewards (A) and lessons learned (D) are one-time activities, while ongoing maintenance of networks (C) ensures enduring support for the future state.

(Reference: ACMP Standard, Process Group 4 - Execute; Activity: Leverage networks of change agents for reinforcement and sustainability.)

NEW QUESTION # 115

When talking about the change management resource plan, which of the following is true?

- A. The physical resources plan determines the budget used on technical infrastructures
- B. The financial resources plan specifies the costs for all internal resources and external vendors
- C. The resource plan defines the expected benefit(s) of the change effort
- **D. The resource plan defines the skills and capabilities of key roles in the change effort**

Answer: D

Explanation:

The resource plan outlines what human resources are needed and what skills and capabilities each role must possess. ACMP stresses defining competencies and filling gaps with training, reassignment, or external sourcing. Financial resources and costs are managed in budgets, not in the resource plan itself. Benefits are addressed in the business case and measurement plan, not the resource plan. Thus, option C reflects the ACMP definition.
(Reference: ACMP Standard, Process Group 3 - Develop Resource Plan; Define roles, skills, and competencies needed for change success.)

NEW QUESTION # 116

How can you measure if the project objectives and scope are understood?

- A. Sponsor assessments
- **B. Monitor and feedback activities**
- C. Measurement and benefits realization
- D. Change impact assessment

Answer: B

Explanation:

Understanding of objectives and scope is measured through monitoring and feedback activities. ACMP emphasizes the need for feedback loops such as surveys, workshops, and check-ins that assess stakeholder clarity on project goals. Measurement and benefits realization (C) assesses adoption, not understanding.

Change impact assessments (D) identify scope but do not measure comprehension. Sponsor assessments (A) evaluate sponsorship effectiveness, not general stakeholder clarity. Therefore, option B aligns with ACMP guidance.

(Reference: ACMP Standard, Process Group 4 - Execute; Activity: Use feedback mechanisms to measure understanding of scope and objectives.)

NEW QUESTION # 117

The vice president of marketing is the sponsor for a major change initiative. She recently accepted a new assignment in the international customer care organization and is leaving the vice president of marketing position. No replacement has been named. What is the potential project impact caused by losing a sponsor?

- **A. Impact to vision and direction**
- B. Reworking of the stakeholder engagement plan
- C. Potential change in benefits realization
- D. Loss of momentum until a replacement is found

Answer: A

Explanation:

ACMP highlights that sponsors provide vision, direction, and authority for change. Losing a sponsor disrupts clarity on vision and alignment, leaving the initiative without executive-level accountability. While momentum may also be affected, the most critical risk is the loss of vision and direction until a new sponsor is identified. This underscores why succession planning and sponsorship continuity are essential in change management.

(Reference: ACMP Standard, Process Group 2 - Sponsorship Strategy; Outcomes: Ensure active, continuous sponsorship to maintain direction and vision.)

NEW QUESTION # 118

.....

With the CCMP certification you can gain a range of career benefits which include credibility, marketability, validation of skills, and access to new job opportunities. And then you need to enroll in the CCMP exam and prepare well to crack this CCMP Exam with good scores.
