As old saying goes, all work and no play makes jack a dull boy. Our CAPM certification materials really deserve your choice. Contact us quickly. We are waiting for you.

PMI CAPM Certification Exam is an excellent way for individuals to demonstrate their knowledge and understanding of project management principles and practices. It is a valuable credential that can help individuals advance their careers and improve their job prospects in the field of project management.

The CAPM exam consists of 150 multiple-choice questions, which must be completed within three hours. CAPM exam questions are based on the globally recognized standard for project management, the PMBOK® Guide (Project Management Body of Knowledge), which is published by PMI. CAPM exam covers different areas of project management such as integration, scope, time, cost, quality, risk, procurement, communication, and stakeholder management.

PMI CAPM (Certified Associate in Project Management) Certification Exam is a globally-recognized credential for individuals who

are starting their journey in project management. Certified Associate in Project Management (CAPM) certification is offered by the Project Management Institute (PMI), a non-profit organization that is committed to advancing project management practices worldwide. The CAPM certification exam is designed to measure the knowledge and skills of individuals who are interested in starting a career in project management, and who may not yet have the experience required for PMI's more advanced certifications.
