Salesforce Certified Marketing Cloud Email Specialist Sample Questions (Q138-Q143):

NEW QUESTION # 138

Northern Trail Outfitters uses an automation to process and report sales agents' weekly data extensions. All sales agents' data is needed for the automation's created report to be correct. Some agents have not been creating their data extensions in time. Which step prevents the automation from completing the automation instance and delivering an inaccurate report?

- A. Data Extract Activity
- B. Wait Activity
- **C. Verification Activity**

Answer: C

Explanation:

Verification Activity in Salesforce Marketing Cloud ensures that specific criteria are met before an automation continues. In the context of Northern Trail Outfitters, using a Verification Activity can check if all necessary data extensions are present and correctly populated before proceeding with the automation. This step is crucial to prevent the automation from completing with missing data, which would result in inaccurate reports.

NEW QUESTION # 139

A marketer for Northern Trail Outfitters needs to see test emails for each subscriber in a data extension.

What should the marketer do to ensure the data extension appears as a Recipient Test Data Extension in the Test Send menu?

- A. Associate the data extension to the Campaign.
- B. Save the data extension in the Test Folder.
- **C. Create the data extension as 'Is Testable'.**

Answer: C

Explanation:

To ensure a data extension appears as a Recipient Test Data Extension in the Test Send menu, it must be created with the 'Is Testable' attribute. This designation allows the data extension to be used in test sends, ensuring that marketers can send test emails to individual subscribers in the data extension. This feature is crucial for validating how emails will appear to different segments of the audience.

NEW QUESTION # 140

Northern Trail Outfitters (NTO) wants to grow its number of email subscribers.

Which action follows best practices to increase subscribers?

- **A. Collect emails at offline activities, including in stores.**
- B. Send an SMS to NTO's entire customer database with a link to subscribe.
- C. Send an email to NTO's entire customer database asking for referrals.

Answer: A

Explanation:

Collecting emails at offline activities, such as in-store events or other physical locations, is a best practice for increasing subscribers. It ensures that the emails collected are from individuals who are genuinely interested in the brand and are more likely to engage with email communications. This method also helps to maintain the quality and relevance of the email list.
