Tableau - TDA-C01 - Professional Valid Test Tableau Certified Data Analyst Tips

If you don't prepare with real TDA-C01 questions, you fail, lose time and money. DumpExam product is specially designed to help you pass the exam on the first try. The study material is easy to use. You can choose from 3 different formats available according to your needs. The 3 formats are Tableau TDA-C01 desktop practice test software, browser based practice exam, and PDF.

Tableau Certified Data Analyst Sample Questions (Q19-Q24):

NEW QUESTION # 19
You have the following dashboard that contains two visualizations.
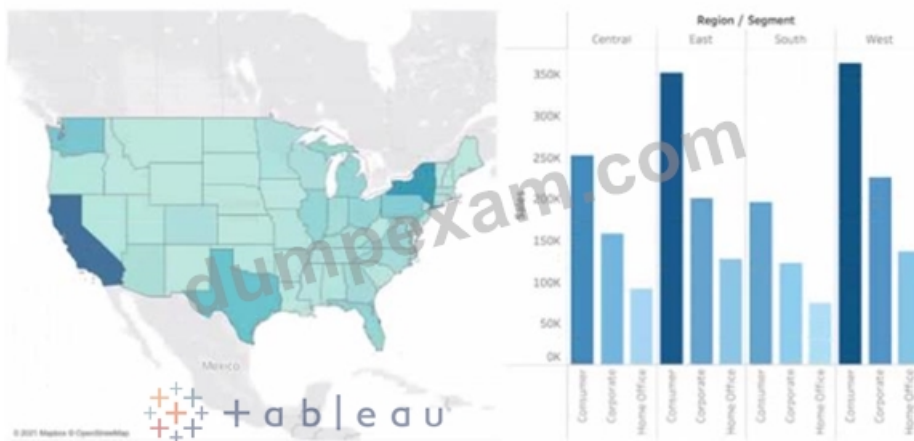

You want to show only visualization at time. Users must be able to switch between visualizations.
What should you me?

- A. Dashboard actions
- B. Worksheet actions
- C. A parameter and a calculated filed
- D. Showhide buttons

Answer: C

Explanation:
Showhide buttons are a feature that allows you to show or hide a layout container on a dashboard. You can use showhide buttons to create a toggle effect that switches between two visualizations. You need to place each visualization in a separate layout container and then add a showhide button for each container. You can customize the appearance and behavior of the buttons to suit your needs. Reference: https://help.tableau.com/current/pro/desktop/en-us/dashboards_organize_floating_layoutcontainers.htm https://help.tableau.com/current/pro/desktop/en-us/dashboards_showhide.htm

NEW QUESTION # 20
You have the following dataset:

Which grouping option should you use in Tableau Prep to group all five names automatically?

- A. Common Characters
- B. Pronunciation
- C. Spelling
- D. Manual Selection

Answer: A

Explanation:
Common Characters: Find and group values that have letters or numbers in common. This option uses the ngram fingerprint algorithm that indexes words by their unique characters after removing punctuation, duplicates, and whitespace. This algorithm works for any supported language. This option isn't available for data roles. For example, this algorithm would match names that are represented as "John Smith" and "Smith, John" because they both generate the key "hijmnost". Since this algorithm doesn't consider pronunciation, the value "Tom Jhinois" would have the same key "hijmnost" and would also be included in the group.

NEW QUESTION # 21
From Tableau Desktop you sign in lo a Tableau Server site.
What appears in the list of available data sources when you search for a published data source?

- A. All the data sources published to the Tableau Server
- B. All the data sources published to the site
- C. All the data sources published to the site within the folders to which you have access
- D. All the data sources published to the Tableau Server within the folders to which you have access

Answer: C

Explanation:
When you sign in to a Tableau Server site from Tableau Desktop and search for a published data source, you will see all the data sources published to the site within the folders to which you have access. You will not see data sources published to other sites or folders that you do not have permission to view. You can also filter your search by project, owner, or tag. References: https://help.tableau.com/current/pro/desktop/en-us /connect_basic.htm https://help.tableau.com/current/pro/desktop/en-us/connect_tableauserver.htm When signed in to Tableau Server from Tableau Desktop, you'll only be able to see the data sources that have been published to the site and are within the folders that you have been granted access to. Tableau's permission and project structure mean that you won't see all data sources from the entire server unless you have permissions to do so.

NEW QUESTION # 22
You are subscribed to several views.
You need to unsubscribe from the views.
What should you use?

- A. The Data Source page of Tableau Desktop
- B. The Shared with Me page
- C. The My Content area of Tableau web pages
- D. The Notifications area of Tableau Prep

Answer: C

Explanation:
To unsubscribe from the views, you should use the My Content area of Tableau web pages. This area allows you to manage your subscriptions, as well as your workbooks, views, and data sources. You can select the views you want to unsubscribe from, click Actions, and then click Unsubscribe. You can also change the subscription options, such as the schedule, the format, or the message. Tableau Certified Data Analyst Study Guide
NEW QUESTION # 23
A Data Analyst has a large data source that contains more than 10 million rows. Users can filter the rows by a field named Animal. The following is a sample of the data.

The analyst wants to ensure that every calculation is affected by including only animals of a particular type.
Which type of filter should the analyst create on the worksheet?

- A. Context
- B. Measure
- C. Extract
- D. Table calculation

Answer: A

NEW QUESTION # 24

......

Dear, you may think what you get is enough to face the TDA-C01 actual test. While, the TDA-C01 real test may be difficult than what you though.
