- D. Issue Management Cycle

Answer: C

NEW QUESTION # 62
Which activity contributes MOST to achieving the 'align with priorities' principle?

- A. Planning for the right level of assurance at the right time
- B. Considering the positive and negative impacts of every decision
- C. Keeping the design of the target operating model up#to#date
- D. Changing the capabilities to be delivered in a tranche, based on new information

Answer: D

Explanation:
Comprehensive and Detailed Explanation From Exact Extract:
The Align with priorities principle ensures the programme adapts to shifting strategic needs. This principle enables reprioritization of work based on emerging business priorities. Changing the capabilities delivered in a tranche when new information arises is the direct embodiment of that adaptability. MSP states:
"Align with priorities: adapting to new information and emergent change." Option D most closely reflects this active alignment.

NEW QUESTION # 63
Which role is accountable for planning how the outcomes will become embedded?

- A. Senior responsible owner
- B. Sponsoring group
- C. Programme manager
- D. Business change manager

Answer: D

Explanation:
Comprehensive and Detailed Explanation From Exact Extract:
The Business Change Manager (BCM) is responsible for ensuring that outcomes are integrated into business operations and that the benefits are realized. One of their key accountabilities is to plan how new ways of working (enabled by programme outcomes) are

embedded in the organization.

MSP Foundation, 5th Edition explains:

"The business change manager is accountable for ensuring that the desired outcomes are clearly defined, understood, and owned, and for planning the transition of those outcomes into business operations." Hence, option B is the correct answer.
