To add a draft watermark to a Tableau dashboard, you would use an image object. You can overlay this image across your dashboard, possibly with some transparency, to achieve the watermark effect without interfering with the readability of the dashboard content.

NEW QUESTION # 90

You are creating an annual report in Microsoft Word. In Tableau Desktop, you build a chart in a worksheet. You want to create an image of the chart that you can add to the annual report. What are two ways to create the image? Choose two.

- A. From the File menu, use the Export As Version option.
- **B. From the Worksheet menu, use the Copy option.**
- C. From the Dashboard menu, use the Export Image option.
- D. From the Dashboard menu, use the Copy Image option.
- **E. From the Worksheet menu, use the Export option.**

Answer: B,E

Explanation:

To create an image of the chart that you can add to the annual report, you can use either the Export option or the Copy option from the Worksheet menu. The Export option will allow you to save the image as a file in a specified location, name, and format. The Copy option will allow you to copy the image to the clipboard and paste it into another application, such as Microsoft Word. Both options will let you choose which elements to include in the image, such as title, caption, legend, etc. Reference:
